Inventors Sleeping Bear Press

New York Times bestseller. They all thought he was gone. But he was alive and trapped inside his own body for ten years. In January 1988 Martin Pistorius, aged twelve, fell inexplicably sick. First, he lost his voice and stopped eating. Then he slept constantly and shunned human contact. Doctors were mystified. Within eighteen months he was mute and wheelchair-bound. Martin's parents were told an unknown degenerative disease left him with the mind of a baby and less than two years to live. Martin was moved to care centers for severely disabled children. The stress and heartache shook his parents' marriage and their family to the core. Their boy was gone. Or so they thought. Ghost Boy is the heart-wrenching story of one boy's return to life through the power of love and faith. In these pages, readers see: A parent's resilience. The consequences of misdiagnosis. Abuse at the hands of cruel caretakers. The unthinkable duration of Martin's mental alertness betrayed by his lifeless body. We also see a life reclaimed—a business created, a new love kindled—all from a wheelchair. Martin's emergence from his own darkness invites us to celebrate our own lives and fight for a better life for others.

Health At Every Size BenBella Books, Inc.

Academy Award-winning actress, producer, and entrepreneur Reese Witherspoon invites you into her world, where she infuses the southern style, parties, and traditions she loves with contemporary flair and charm. Reese Witherspoon's grandmother Dorothea always said that a combination of beauty and strength made southern women "whiskey in a teacup." We may be delicate and ornamental on the outside, she said, but inside we're strong and fiery. Reese's southern heritage informs her whole life, and she loves sharing the joys of southern living with practically everyone she meets. She takes the South wherever she goes with bluegrass, big holiday parties, and plenty of Dorothea's fried chicken. It's reflected in how she entertains, decorates her home, and makes holidays special for her kids—not to mention how she talks, dances, and does her hair (in these pages, you will learn Reese's fail-proof, only slightly insane hot-roller technique). Reese loves sharing Dorothea's most delicious recipes as well as her favorite southern traditions, from midnight barn parties to backyard bridal showers, magical Christmas mornings to rollicking honky-tonks. It's easy to bring a little bit of Reese's world into your home, no matter where you live. After all, there's a southern side to every place in the world, right?

Rock Crystal Coppenrath Verlag

Seemingly the simplest of stories—a passing anecdote of village life—Rock Crystal opens up into a tale of almost unendurable suspense. This jewel-like novella by the writer that Thomas Mann praised as "one of the most extraordinary, the most enigmatic, the most secretly daring and the most strangely gripping narrators in world literature" is among the most unusual, moving, and memorable of Christmas stories. Two children—Conrad and his little sister, Sanna—set out from their village high up in the Alps to visit their grandparents in the neighboring valley. It is the day before Christmas but the weather is mild, though of course night falls early in December and the children are warned not to linger. The grandparents welcome the children with presents and pack them off with kisses. Then snow begins to fall, ever more thickly and steadily. Undaunted, the children press on, only to take a wrong turn. The snow rises higher and higher, time passes: it is deep night when the sky clears and Conrad and Sanna discover themselves out on a glacier, terrifying and beautiful, the heart of the void. Adalbert Stifter's rapt and enigmatic tale, beautifully translated by Elizabeth Mayer and Marianne Moore, explores what can be found between Christmas Eve and Christmas Day—or on any night of the year.

A guide to the history of racism and a blueprint for change' —The Guardian Who are you? What is racism? Where does it come from? Why does it exist? What can you do to disrupt it? Learn about social identities, the history of racism and resistance against it, and how you can use your anti-racist lens and voice to move the world toward equity and liberation. 'In a racist society, it's not enough to be non-racist—we must be ANTI-RACIST.' —Angela Davis Gain a deeper understanding of your anti-racist self as you progress through 20 chapters that spark introspection, reveal the origins of racism that we are still experiencing and give you the courage and power to undo it. Each chapter builds on the previous one as you learn more about yourself and racial oppression. 20 activities get you thinking and help you grow with the knowledge. All you need is a pen and paper. Author Tiffany Jewell, an anti-bias, anti-racist educator and activist, builds solidarity beginning with the language she chooses – using gender neutral words to honour everyone who reads the book. Illustrator Aurélia Durand brings the stories and characters to life with kaleidoscopic vibrancy. After examining the concepts of social identity, race, ethnicity and racism, learn about some of the ways people of different races have been oppressed, from indigenous Americans and Australians being sent to boarding school to be 'civilized' to a generation of Caribbean immigrants once welcomed to the UK being threatened with deportation by strict immigration laws. Find hope in stories of strength, love, joy and revolution that are part of our history, too, with such figures as the former slave Toussaint Louverture, who led a rebellion against white planters that eventually led to Haiti's independence, and Yuri Kochiyama, who, after spending time in an internment camp for Japanese Americans during WWII, dedicated her life to supporting political prisoners and advocating reparations for those wrongfully interned. Learn language and phrases to interrupt and disrupt racism. So, when you hear a microaggression or racial slur, you'll know how to act next time. This book is written for EVERYONE who lives in this racialised society—including the young person who doesn't know how to speak up to the racist adults in their life, the kid who has lost himself at times trying to fit into the dominant culture, the children who have been harmed (physically and emotionally) because no one stood up for them or they couldn't stand up for

themselves and also for their families, teachers and administrators. With this book, be empowered to actively defy racism and xenophobia to create a community (large and small) that truly honours everyone.

Welcome to Your Period Alison Green Books

The brand-new, hilarious book from bestselling, record-breaking author Adam Kay. The olden days were pretty fun if you liked wearing chainmail or chopping people's heads off but there was one TINY LITTLE problem back then . . . doctors didn't have the slightest clue about how our bodies worked. It's time to find out why Ancient Egyptians thought the brain was just a useless load of old stuffing that might as well be chucked in the bin, why teachers forced their pupils to smoke cigarettes, why hairdressers would cut off their customers' legs, and why people used to get paid for farting. (Unfortunately that's no longer a thing - sorry.) You'll get answers to questions like: Why did patients gargle with wee? How did a doctor save people's lives using a washing machine, a can of beans and some old sausages? What was the great stink? (No, it's not what doctors call your bum.) If you're sure you're ready, then pop a peg on your nose (there was a lot of stinky pus back then), pull on your wellies (there was a lot of poo there too), wash your hands (because they certainly didn't) and explore this gross and gruesome history of the human body! Praise for Kay's Anatomy: 'An enjoyably gross look at the human body. Hours of gruesome fun guaranteed' i 'Like listening to a teacher who makes pupils fall about' Sunday Times 'Totally brilliant!' Jacqueline Wilson 'Fun and informative' Malorie Blackman 'Very funny - this exciting book is bound to inspire the next generation of medics' Sunday Express
