Exploring Jazz Piano 1 Nicholas Brealey

Who knew that Paul McCartney originally referred to Yesterday as 'Scrambled Eggs' because he couldn't think of any lyrics for his heart-breaking tune? Or that Patti LaBelle didn't know what 'Voulez-vous couches avec moi ce soir?' actually meant? These and countless other fascinating back stories of some of our best-known and best-loved songs fill this book, a collection of the highly successful weekly The Life of a Song columns that appear in the FT Weekend every Saturday. Each 600-word piece gives a mini-biography of a single song, from its earliest form (often a spiritual, or a jazz number), through the various covers and changes, often morphing from one genre to another, always focusing on the 'biography' of the song itself while including the many famous artists who have performed or recorded it. The selection covers a wide spectrum of the songs we all know and love - rock, pop, folk, jazz and more. Each piece is pithy, sparkily written, knowledgeable, entertaining, full of anecdotes and surprises. They combine deep musical knowledge with the vivid background of the performers and musicians, and of course the often intriguing social and political background against which the songs were created.

#1 NEW YORK TIMES BESTSELLER • For the first time, rock music 's most famous muse tells her incredible story “ A charming, lively and seductive book . . . The appeal of Wonderful Tonight is as self-evident as the seemingly simple but brash opening chord of ‘ A Hard Day ’ s Night. ’ ” —The New York Times Book Review Pattie Boyd, former wife of both George Harrison and Eric Clapton, finally breaks a forty-year silence and tells the story of how she found herself bound to two of the most addictive, promiscuous musical geniuses of the twentieth century and became the most legendary muse in the history of rock and roll. The woman who inspired Harrison ' s song “ Something ” and Clapton ' s anthem “ Layla, ” Pattie Boyd has written a book that is rich and raw, funny and heartbreaking—and totally honest.

First 50 Jazz Standards You Should Play on Guitar Mel Bay Publications

(Guitar Method). A comprehensive, easy-to-understand intermediate approach to jazz guitar playing techniques, helps develop an individual concept of improvising by learning scales and their basic chord forms and further develops improvisation skills through the use of practice patterns. Utilizes transcriptions along with several original pieces by Joe Pass.

Clapton Crown Archetype

From his early rise to fame to battles with his health, this revelatory memoir by legendary guitarist Peter Frampton celebrates the life of a rock icon. Do You Feel Like I Do? is the incredible story of Peter Frampton's positively resilient life and career told in his own words for the first time. His monu-mental album Frampton Comes Alive! spawned three top-twenty singles and sold eight million copies the year it was released (more than seventeen million to date), and it was inducted into the Grammy Hall of Fame in January 2020. Frampton was on a path to stardom from an early age, first as the lead singer and guitarist of the Herd and then as cofounder—along with Steve Marriott—of one of the first supergroups, Humble Pie. Frampton was part of a tight-knit collective of British '60s musicians with close ties to the Rolling Stones, the Beatles, and the Who. This led to Frampton playing on George Harrison's solo debut, All Things Must Pass, as well as to Ringo Starr and Billy Preston appearing on Frampton's own solo debut. By age twenty-two, Frampton was touring incessantly and finding new sounds with the talk box, which would become his signature guitar effect. Frampton remembers his enduring friendship with David Bowie. Growing up as schoolmates, crossing paths throughout their careers, and playing together on the Glass Spider Tour, the two developed an unshakable bond. Frampton also shares fascinating stories of his collaborative work with Harry Nilsson, Stevie Wonder, B. B. King, and members of Pearl Jam. He reveals both the blessing and curse of Frampton Comes Alive!, opening up about becoming the cover boy he never wanted to be, his overcoming sub-stance abuse, and how he has continued to play and pour his heart into his music despite an inflammatory muscle disease and his retirement from the road. Peppered throughout his narrative is the story of his favorite guitar, the Phenix, which he thought he'd lost in a fiery plane crash in 1980. But in 2011, it mysteriously showed up again—saved from the wreckage. Frampton tells of that unlikely reunion here in full for the first time, and why the miraculous reappearance is emblematic of his life and career as a quintessential artist.

Life of a Song Alfred Music Publishing

Washington Post national arts reporter Geoff Edgers takes a deep dive into the story behind “ Walk This Way, ” Aerosmith and Run-DMC’s legendary, groundbreaking mashup that forever changed music. The early 1980s were an exciting time for music. Hair metal bands were selling out stadiums, while clubs and house parties in New York City had spawned a new genre of music. At the time, though, hip hop’s reach was limited, an art form largely ignored by mainstream radio deejays and the rock-obsessed MTV network. But in 1986, the music world was irrevocably changed when Run-DMC covered Aerosmith’s hit “ Walk This Way ” in the first rock-hip hop collaboration. Others had tried melding styles. This was different, as a pair of iconic arena rockers and the young kings of hip hop shared a studio and started a revolution. The result: Something totally new and instantly popular. Most importantly, “Walk This Way” would be the first rap song to be played on mainstream rock radio. In Walk This Way, Geoff Edgers sets the scene for this unlikely union of rockers and MCs, a mashup that both revived Aerosmith and catapulted hip hop into the mainstream. He tracks the paths of the main artists—Steven Tyler, Joe Perry, Joseph “ Run ” Simmons, and Darryl “ DMC ” McDaniels—along with other major players on the scene across their lives and careers, illustrating the long road to the revolutionary marriage of rock and hip hop. Deeply researched and written in cinematic style, this music history is a must-read for fans of hip hop, rock, and everything in between.
