Have you ever wondered where surfing waves come from, what makes every wave different, why some peel perfectly and others just close out; why, some days, the waves come in sets and other days they don't, and how the tides, the wind and the shape of the sea floor affect the waves for surfing? If you have, this book is for you. Now in its third edition, Surf Science is the first book to talk in depth about the science of waves from a surfer's point of view. It fills the gap between surfing books and waves textbooks, and will help you learn how to predict surf. Surf Science is also a useful introduction to oceanography and the science of waves. You

don't need a scientific background to read it - just curiosity and a fascination for waves.

Fifty Places to Surf Before You Die Houghton Mifflin Harcourt Australian surfing's cult hero lived two lives. In the 1970s 'MP' became the best surfer in the world, an electric lash of rockstar looks and rockstar habits, but with a pathological aversion to rockstar fame. But MP died on the night of 10 August 1983, when his schizophrenia caught up with him and his years of institutionalisation began. Emerging from the other side was Michael Peterson, a quiet,

complex soul who lived with his mother and sat under a mango tree every morning, communing with the voices in his head. In 2004 Sean Doherty wrote a bestselling biography of Michael Peterson that laid his incredible story bare. Over the years that followed, and especially after Michael's death in 2012, hundreds of people - family, friends, surf stars and complete strangers - contacted Doherty with stories never before shared. Stories that spoke of the man, not the legend. Stories of Michael, not MP. Now Doherty has compiled these stories, anecdotes and tributes, completing the picture of one of surfing's most talented but tragic figures. Also featuring classic and unseen images of Peterson, along with photographs and letters from his family's private collection, MP Untold presents Australian surfing's most fascinating champion in the words of those who knew him best. 'Everyone treated him like a god, but he just wanted to be treated like a normal bloke.' Tommy Peterson
