of England begun in 1604 and completed in 1611. First printed by the King's Printer Robert Barker, this was the third translation into English to be approved by the English Church authorities. The first was the Great Bible commissioned in the reign of King Henry VIII, and the second was the Bishops' Bible of 1568. In January 1604, King James I convened the Hampton Court Conference where a new English version was conceived in response to the perceived problems of the earlier translations as detected by the Puritans, a faction within the

Church of England. James gave the translators instructions intended to guarantee that the new version would conform to the ecclesiology and reflect the episcopal structure of the Church of England and its belief in an ordained clergy. The translation was done by 47 scholars, all of whom were members of the Church of England. In common with most other translations of the period, the New Testament was translated from Greek, the Old Testament was translated from Hebrew text, while the Apocrypha were translated from the Greek and Latin. In

the Book of Common Prayer (1662), the text of the Authorized Version replaced the text of the Great Bible - for Epistle and Gospel readings - and as such was authorized by Act of Parliament. By the first half of the 18th century, the Authorized Version was effectively unchallenged as the English translation used in Anglican and Protestant churches. Over the course of the 18th century, the Authorized Version supplanted the Latin Vulgate as the standard version of scripture for English speaking scholars. Today, the most used edition of

---

the King James Bible, and often identified as plainly the King James Version, especially in the United States, closely follows the standard text of 1769, edited by Benjamin Blayney at Oxford. Editorial Criticism: F. H. A. Scrivener and D. Norton have both written in detail on editorial variations which have occurred through the history of the publishing of the Authorized Version from 1611 to 1769. In the 19th century, there were effectively three main guardians of the text. Norton identified five variations among the Oxford, Cambridge and London (Eyre and Spottiswoode) texts of 1857, such as the spelling of "farther" or "further" at Matthew 26:29. In the 20th century, variations between the editions was reduced to comparing the Cambridge to the Oxford. Distinctly identified Cambridge readings included "or Sheba" (Josh. 19:2), "sin" (2 Chr. 33:19), "clifts" (Job 30:6), "vapour" (Psalm 148:8), "flieth" (Nah. 3:16), "further" (Matt. 26:39) and a number of other references. In effect the Cambridge was considered the current text in comparison to the Oxford. Cambridge University Press introduced a change at 1 John 5:8 in 1985 reverting its longstanding tradition of having the word "spirit" in lower case to have a capital letter "S." It has also done the same in some of its publications in Acts 11:12 and 11:28. These are instances where both Oxford and Cambridge have now altered away from Blayney's 1769 Edition. The distinctions between the Oxford and Cambridge editions has been a major point in the Bible version debate. Differences among Cambridge editions, in the 21st century, has become a potential theological issue, particularly in

---

regard to the identification of the Pure Cambridge Edition. Translation The English terms "rejoice" and "glory" stand for the same word in the Greek original. In Tyndale, Geneva and the Bishops' Bibles, both instances are translated "rejoice." In the Douay-Rheims New Testament, both are translated "glory." Only in the Authorized Version does the translation vary between the two verses. In the Old Testament the translators render the Tetragrammaton YHWH by "the LORD" (in later editions in small capitals as LORD), or "the LORD God"

Music Fundamentals Africa World Press Although popularized in Africa by Western missionaries, the Christian faith as practiced by Africans has acquired unique traits over time. Some of the most radical reinterpretations of Christianity are offered by those churches known as "AICs" (variously, African Initiated, African Instituted, or African Independent Churches)—new denominations founded

by Africans skeptical of dogma offered by mainstream churches with roots in European empires. As these churches spread throughout the African diaspora, they have brought with them distinct practices relating to gender. Such practices range from the expectation that women avoid holy objects and sites during menstruation to the maintenance of church structures in which both men and women may be ordained

---

and assigned the same duties and responsibilities. How does having a female body affect one's experience of indigenized Christianity in Africa? Spirit, Structure, and Flesh addresses this question by exploring the ways ritual, symbol, and dogma circumscribe, constrain, and liberate women in AICs. Through detailed description of worship and doctrine, as well as careful analyses of church history and organizational processes, Deidre Helen

Crumbley explores gendered experiences of faith and power in three Nigerian indigenous AICs, demonstrating the roles of women in the day-to-day life of these churches.

It is ideologically driven to build a group of church historians who will tell the story of African Christianity, not Christianity in Africa, as an African story, by intentionally privileging the patterns of African agency without neglecting the noble

roles played by missionaries. The effort has been to identify the major themes or story lines in African encounters and in the appropriation of the gospel. --from publisher description.

Singing the same song is a central part of the worship practice for members for the Cherubim and Seraphim Christian Church in Lagos, Nigeria. Vicki L. Brennan

reveals that by singing together, church members create one spiritual mind and become unified around a shared set of values. She follows parishioners as they attend choir rehearsals, use musical media—hymn books and cassette tapes—and perform the music and rituals that connect them through religious experience. Brennan asserts that church members believe that singing together makes them part of a larger imagined social collective, one that allows them to achieve health, joy, happiness, wealth, and success in an ethical way. Brennan discovers how this particular Yoruba church

articulates and embodies the moral attitudes necessary to be a good Christian in Nigeria today.

From the primeval age of Ayà̀nàgalú (the Yorùbá pioneer-drummer-turned-deity-of-drumming) to the modern era, Yorùbá musical traditions have been shaped by individual performers: drummers, dancers, singers, and chanters, who express self-mediated visions of their social and cultural environment. Twentieth Century explores the role of the performer and the performing group in creating these traditions, contributing to the ongoing reorientation of scholarship on African music toward individual creativity within a larger social network. Drawing on extensive field research conducted over the course of two decades, Bode Omojola examines traditional Yorùbá genres such as bàtá and dùndún drumming as well as more contemporary genres such as Yorùbá popular music. The book also addresses a

spectrum of social issues, ranging from gender inequality to the impact of Christianity and Islam on Yorùbá musical practice. Throughout, Omojola emphasizes the interrelatedness of the different components of the Yorùbá musical landscape, as well as the role of specific individuals and groups of musicians, who have continued to draw from indigenous Yorùbá musical resources to create new musical forms in the process of engaging the social dynamics of a rapidly

changing environment. Bode Omojola is a Five College Associate Professor of Music at Mt. Holyoke College.

From the bestselling author of *The Lamb's Supper* comes an illuminating work on the Catholic Eucharist and its link to the Jewish Passover meal. "Read this book. And don't just read it. Pray about it. Reflect on it. And share it with others."—Brant Pitre,

---

author of *The Case for Jesus* In this brilliant book—part memoir, part detective story, and part biblical study—Scott Hahn opens up new vistas on ancient landscapes while shedding light on his own enduring faith journey. *The Fourth Cup* not only tracks the author’s gradual conversion along the path of Evangelicalism to the doorsteps of the Catholic faith, but also explores the often obscure and misunderstood rituals of Passover and their

importance in foreshadowing salvation in Jesus Christ. Revealing the story of his formative years as an often hot-headed student and earnest seeker in search of answers to great biblical mysteries, Hahn shows how his ardent exploration of the Bible’s Old Testament turned up intriguing clues connecting the Last Supper and Christ’s death on Calvary. As Hahn tells the story of his discovery of the supreme importance of the

Passover in God’s plan of salvation, we too experience often-overlooked relationships between Abel, Abraham, and the Hebrews’ liberation from slavery in Egypt. Along the way, Hahn reveals how the traditional fourth cup of wine used in the concluding celebration of Passover explains in astonishing ways Christ’s paschal sacrifice. Rooted in Scripture and ingrained with lively history, *The Fourth Cup* delivers a

fascinating view of the bridges that span old and new covenants, and celebrates the importance of the Jewish faith in understanding more fully Christ's life, death, and resurrection.

Father Luigi Gambero, internationally-known expert on early Christianity, presents a comprehensive survey of the development

of Marian doctrine and devotion during the first eight centuries. Focusing on the lives and works of over thirty of the most famous Church Fathers and early Christian writers, Fr. Gambero has produced a clear and readable summary of the richness of the patristic age's theological and devotional approach to the Mother of God. The book contains numerous citations from the works of those men who developed the defining Christological and Mariological positions that have constituted the

foundational doctrinal teaching of the Church. Each chapter concludes with an extended reading from the works of the patristic authors. A number of these texts have never before been published in English. The thought of the Fathers and early Christian writers continues to fascinate readers today. Their theological acuity and spiritual depth led them faithfully into the mysteries of Sacred Scripture. Their vast experience made them reliable and trustworthy witnesses to the faith of the

Cardinal Vaughn wrote these reflections over a century ago, and they are as pertinent

today as when they were first assembled into a book. "There is no Saint however holy and innocent who may not truly consider himself the greatest sinner in the world. It is enough that he knows himself to be man to recognize that he is liable to commit all the evil of which man is capable." This thought alone will inspire us to humility and this book is a great aid to true humility, which is essential to salvation. St. Alphonsus writes: "a single bad book will be sufficient to cause the destruction of a monastery." Pope Pius XII wrote in 1947 at the beatification of Blessed Maria Goretti: "There rises to Our lips

the cry of the Saviour: 'Woe to the world because of scandals!' (Matthew 18:7). Woe to those who consciously and deliberately spread corruption- in novels, newspapers, magazines, theaters, films, in a world of immodesty!"
