Essential 25000 English-Khmer Law

Dictionary Walter de Gruyter

Seang Seng was born and raised in Cambodia, the Southeast Asian country Prince Sihanouk had coined an "Island of Peace." The Cambodian people knew only two natural seasons: the dry and the rainy. In the dry season, farmers celebrated the harvest. At the New Year, farmers and city dwellers alike brought rice and prepared foods to the temple to celebrate. During the rainy season, farmers prepared their fields and planted new crops with hopes for a bountiful future harvest. In the cities, students

studied, moviegoers flocked to the popular cinemas, and sidewalk vendors hawked all manner of plentiful food and drink. But once the barbaric Khmer Rouge seized power in April 1975, they forcibly evacuated the cities, including the capital of Phnom Penh, and fourth-year medical student Seang Seng found himself and his family of 24 persons driven into a countryside of forced labor camps that would come to be known as the "Killing Fields."

For Southeast Asia, the Vietnam War altered forever the history, topography, people, economy, and politics of the Democratic Republic of Vietnam

(DRV), the Republic of Vietnam (RVN), Cambodia, and Laos. That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective. One way of understanding the Vietnam War is by marking its time with turning points, both major and minor, that involved events or decisions that helped to influence its course in the years to follow. By examining a few of these turning points, an organizational framework takes shape that makes understanding the war more possible. Historical Dictionary of the War in Vietnam emphasizes the international nature of the war, as well as provide a greater understanding of the long scope of the conflict. The major events associated with the war will serve as the foundation of the book while additional entries will explore the military, diplomatic, political, social, and cultural events that made the war unique. While military subjects will be fully explored, there will be greater attention to other aspects of the war. All of this is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries.

This book is an excellent access point for students, researchers, and anyone wanting to know more about the Vietnam War.

To the End of Hell Indiana University Press
Nine Cambodian refugees now living in America discuss their lives before the Khmer Rouge, the horror of the "killing fields" genocide of the Khmer Rouge, and their hazardous journeys to the United States.

This is a unique learning aid for making rapid headway in the acquisition of comprehension and speaking ability in Khmer, the language of Cambodia. In recent years, Cambodia has moved from a society menaced by war to a society orientated to commerce. With this shift in attention from military to social and economic

matters has come an increase in the numbers of foreign visitors and residents in the country for the purposes of tourism, aid work or investment-related activities. Many of these foreigners or 'chun bor-tay' speak English as a first or second language, but know little of written or spoken Khmer. This dictionary is designed to enable residents and visitors to better understand both the country and its people through speaking to Cambodians in their own language. With more than 6,000 key word entries, the "English-Spoken Khmer Dictionary" has the distinctive feature of presenting Khmer words in an all-new easily grasped Romanized writing system. Incorporating phrases is essential for tourists, business travellers, scholars and long term Cambodia residents who wish to become more familiar with a country poised to play an increasingly significant role in the area.

Historical Dictionary of Cambodia CreateSpace
Cambodia has never recovered from its Khmer Rouge past. The genocidal regime of 1975 – 1979 and the following two decades of civil war ripped the country apart. This work examines Cambodia in the aftermath, focusing on Khmer people of all walks of life and examining through their eyes key facets of Cambodian society, including the ancient Angkor legacy, relations with neighboring countries (particularly the strained ones with the Vietnamese), emerging democracy, psychology, violence, health, family, poverty, the environment, and the nation ' s future. Along with print sources, research is drawn from hundreds of interviews with Cambodians, including farmers, royalty, beggars, teachers, monks,

orphanage heads, politicians, and non-native experts on Cambodia. Dozens of exquisite photographs of Cambodian people and places illustrate the work, which concludes with a glossary of Cambodian words, people, places and names, and an appendix of organizations providing aid to Cambodia.

Essential 18000 Medical Words Dictionary In English-Khmer St Martins Press

A stunning collection of contemporary art photographs of the ancient temple complex at Angkor Wat in Cambodia, this book reveals the history and culture of the Khmer people who built Angkor. It is an indispensable addition to the libraries of archaeologists, photographers, and travelers to Southeast Asia.

psychology, this is exciting and important reading for students and researchers alike, written by leading experts in the field. Drawing on a wealth of experience and examples, it offers an essential guide to the political global context of this fast-developing area of psychology.

Adult Literacy and New Technologies Lulu Press, Inc

Some refugees who survive wars recover and thrive; others do not. This study sets out to discover what successful survivors of the Khmer Rouge regime found instrumental for both their survival and their mental health. The aim is to contribute to the understanding of resilience, here understood as the ability to recover from misfortune or change, in order to contribute to the psychosocial rehabilitation of survivors of war crimes and other traumatic events – to discover how war-refugees may be best assisted in processes of recovery and normalisation. The

resilience found here was based largely on informants' cultural and religious resources. Psychosocial guidelines for accessing clients' backgrounds are available, but health and social workers often fail to access the cultural explanatory models used by survivors in building personal and group resilience. Proposals from the project are incorporated in a cultural resilience interview scheme for the use of health and social workers wishing to conduct resilience work with war survivors.

World Dictionaries in Print Reportage Press

The second edition, which first provides an overview of the country in the introduction, traces the long and complicated history in the chronology and goes into much greater detail in the dictionary. Offering 64 new entries, as well as updates and revisions to older ones, the dictionary presents important persons, places,

institutions, and more in an easily accessible resource. Significant recent events are discussed including the 1997-98 Thai economic crisis and its effects, reforms of the national government, and the growth in political roles of both businessman and other middle class members. In addition, the book updates basic information relative to population growth, urbanization, and industrialization of the economy. All this is topped off by a solid bibliography making this an essential reference tool.

English-Spoken Khmer Dictionary Oxford University Press, USA

The Encyclopedia of Global Health is a comprehensive A to Z, inter-disciplinary, one-stop reference to a broad array of health topics worldwide. Encompassing four volumes with some 1,200 articles in 2000 pages, the encyclopedia covers all aspects of health, including physical and mental health entries, biographies of major doctors and researchers, profiles

of medical institutions, organizations, and corporations, descriptions of drugs and operations, articles on national health policies, and thematic health topics in the humanities. Pedagogical elements of the encyclopedia include an in-depth chronology detailing advances in health through history, a glossary of health definitions, extensive cross-references to related topics, and thorough bibliographic citations. Cambodian-English, English-Cambodian Dictionary SAGE

This third edition of Historical Dictionary of Terrorism significantly expands on the second edition through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on major terrorist groups, significant terrorist events, different forms of terrorism, cyber-terrorism, and counterterrorism. This book will have wide appeal for government officials, students and researchers, and journalists. Post Traumatic Survival Scarecrow Press
Claude Jacques explores the achievements and

developments of the Khmer people from the 5th to the 13th century. Beginning with the early pre-Angkorean site of Funan and ending with the reign of the great Khmer king, Jayavarman VII, the author journeys beyond the well-known sites around Angkor Wat, to reveal the marvels of many temples hitherto inaccessible to visitors. Thus the reader is taken on a virtual tour of exquisite Khmer architecture - from Preah Vihear perched on a steep cliff overlooking the Cambodian plain, to the mysterious and extensive site of Preah Khan of Kompong Svay and the elaborately carved temple-in-the-forest of Beng Mealea, to mention but a few. Based on a lifetime of study and research, the author speculates as to the origins and reasons behind each site and how the Khmer empire functioned over many hundreds of years. The book includes site plans, old photographs, aerial shots of the ancient cities

and detailed photographs showing the reliefs and other magnificent carvings.
