Romantique Et Moderne,  
1801-1875** Oxford University  
Press, USA

Michael Christoforidis is widely recognized as a leading expert on one of Spain's most important composers, Manuel de Falla. This volume brings together both new chapters and revised versions of previously published work, some of which is made available here in English for the first time. The introductory chapter provides a biographical outline of the composer and characterisations of both Falla and his music during his lifetime. The sections that follow explore different facets of Falla's mature works and musical identity. Part II traces the evolution of his flamenco-inspired Spanish style through contacts with Claude Debussy, Maurice Ravel and Igor Stravinsky, while Part III explores the impact of post-World War I modernities on Falla's musical nationalism. The final part reflects on aspects of Falla's music and the politics of Spain in the 1930s and 1940s. Situating his discussion of these aspects of Falla's music within a broader context, including currents in literature and the visual arts, Christoforidis provides a distinctive and original contribution to the study of Falla as well as to the wider fields of musical modernism, exoticism, and music and politics.

officers in Washington.  
*Manuel de Falla and Modernism in Spain,  
1898-1936* ABC-CLIO  
A brilliant and surprising account of the  
coming of the American Civil War, showing  
the crucial role of slaves who escaped to  
Mexico. The Underground Railroad to the  
North promised salvation to many American  
slaves before the Civil War. But thousands of  
people in the south-central United States  
escaped slavery not by heading north but by  
crossing the southern border into Mexico,  
where slavery was abolished in 1837. In  
South to Freedom, historian Alice L.  
Baumgartner tells the story of why Mexico  
abolished slavery and how its increasingly  
radical antislavery policies fueled the sectional  
crisis in the United States. Southerners hoped  
that annexing Texas and invading Mexico in  
the 1840s would stop runaways and secure  
slavery's future. Instead, the seizure of Alta  
California and Nuevo México upset the  
delicate political balance between free and  
slave states. This is a revelatory and essential  
new perspective on antebellum America and  
the causes of the Civil War.

*University of California Publications in  
History* Walter de Gruyter

The work of composer Manuel de Falla  
(1876-1946) ranges from late-romantic  
salon pieces to evocations of flamenco to  
stark neoclassicism. Yet his music has met  
with conflicting reactions, depending on the  
audience. In his native Spain, Falla is  
considered the most innovative composer  
of the first half of the twentieth century.  
Likewise, in the United States, Falla  
enjoyed a strong following in the concert  
hall. But many of his works, especially  
some of the "colorful" or "exotic" dances  
from *The Three-Cornered Hat* and *El Amor  
Brujo*, were taken up during the Latin  
music craze of the 1930s and 40s and  
appeared in everything from jazz and pop  
arrangements to MGM musicals. Similarly  
enigmatic are the details of Falla's life. He  
never sustained a lasting, intimate  
relationship with a woman, yet he created  
compelling female roles for the lyric stage.  
Although he became incensed when  
publishers altered his music, he more than  
once tinkered with Chopin and Debussy.  
Despite insisting that he was apolitical,  
Falla ultimately took sides in the Spanish

Civil War, initially allying himself rather  
half-heartedly with Franco's Nationalists but  
later rejecting the honors they proffered. All  
his life, his rigorous brand of Roman  
Catholicism brought him both solace and  
agony in his quest for spiritual and artistic  
perfection. In *Sacred Passions: The Life and  
Music of Manuel de Falla*, Carol A. Hess  
explores these contradictions and offers a  
fresh understanding of this fascinating  
composer. Building on over a decade of  
research, Hess examines Falla's work in  
terms of musical style and explores the  
cultural milieus in which he worked. During  
a seven-year sojourn to Paris just prior to  
World War I, Falla associated with  
composers Dukas, Stravinsky, Ravel, and  
the rest of the group known as les Apaches.  
Later, back in Spain, he played a pivotal  
role in the remarkable cultural renaissance  
known as the "Silver Age," during which  
Lorca, Bunuel, Dali, Unamuno-and of  
course Falla himself-made some of their  
boldest artistic statements. Hess also  
explores a number of myths cultivated in  
earlier biographies, including Falla's  
supposed misogynistic tendencies and  
accusations of homosexuality, which have  
led some biographers to consider him a  
saint-like ascetic. She offers a balanced  
view of his behavior during the Spanish  
Civil War, a wrenching event for a Spaniard  
of his generation, and one that Falla  
biographers have left largely untouched.  
With superb analysis of his music and  
enlightening detail about its critical  
reception, Hess also examines Falla's status  
in some circles as little more than a high-  
class pop composer, given the mass appeal  
of much of his music. She incorporates  
recent research on Falla, draws upon  
untapped sources in the Falla archives, and  
reevaluates his work in terms of current  
issues in musicology. Ultimately, Hess  
places Falla's variegated oeuvre, which  
straddles popular and serious idioms,  
securely among the best of his better-known  
European contemporaries. What emerges is  
a gracefully written, balanced portrait of a  
man whose lofty spiritual values inspired  
singular musical utterances but were often  
at odds with the decidedly imperfect world  
he inhabited.

International Federation for Structural Concrete

Drawing extensively on primary sources, this study in three parts provides a detailed biography, examines the most prominent aspects of Falla's character as they pertained to his relationships with other composers and his own music, and sheds light on his creative process as a composer through examination of many of his works with reference to original scores and correspondence, many of which are published here for the first time. A chronological photo section rounds out this offering of great significance for music teachers and students as well as those with an interest in Spanish culture.

Sacred Passions : The Life and Music of Manuel de Falla Penguin

Chester Music presents the first of two albums of piano music by Manuel De Falla, cleanly engraved and wonderfully arranged for advanced pianists. Book 1 contains a range of original piano pieces, including De Falla ' s own arrangements of his best-known works. These works are essential pieces for any pianist looking to truly explore their instrument. Songlist: - Mazurka - Serenata Andaluza - Nocturno - Serenata - Allegro De Concierto - Homenaje From Love The Magician (El Amor Brujo): - Dance Of Terror (Danza Del Terror) - The Fisherman ' s Story (Romance Del Pescador) - Ritual Fire Dance (Danza Ritual Del Fuego) - Pantomime (Pantomima) From La Vida Breve: - First Spanish Dance - Second Spanish Dance

Manuel de Falla and Visions of Spanish Music FIB - International Federation for Structural Concrete

The series Handbooks of Linguistics and Communication Science is designed to illuminate a field which not only includes general linguistics and the study of linguistics as applied to specific languages, but also covers those more recent areas which have developed from the increasing body of research into the manifold forms of communicative action and interaction.

Manuel de Falla Editions Br é al

Although studies of Modernism have focused largely on European nations, Spain has been conspicuously neglected. As Carol A. Hess argues in this compelling book, such neglect is wholly undeserved. Through composer Manuel de Falla (1876-1946), Hess explores the advent of Modernism in Spain in relation to political and cultural tensions prior to the Spanish Civil War. The result is a fresh view of the musical life of Spain that departs from traditional approaches to the subject and reveals an open and constantly evolving aesthetic climate.

The Jewish Quarterly Review

An easily accessible resource that showcases the links between using documented primary sources and gaining a more nuanced understanding of military history. • Covers benchmark documents in U.S. diplomatic and military history from 14 conflicts • Utilizes document introductions and scholarly analysis to help students understand the primary source materials • Supports document-based teaching and learning strategies • Ties into Common Core critical thinking guidelines commonly used in high school history courses for document analysis • Helps students understand the difference between original source material and unsourced claims made on the Internet
