As Thanos' mad quest for unlimited power rages, Captain Marvel teams with the Avengers for a truly epic confrontation! Years later, Starlin returned for the strikingly personal and moving Death of Captain Marvel and rewrote the rule book on a super hero's passing. Marvel

They get captured and indoctrinated to join their ranks to sexually please their masters, with a small pink snake named Amber pulling the strings from her throne room. Right Here Waiting Bloomsbury Publishing In 1946, American judge Potter Stewart famously said, 'I can't define pornography, but I know it when I see

it.' Over seventy years later, the reverberations of this sentence are still felt across the world. From proposed porn bans to religious morality to women's rights, the assumption is that porn has a single, knowable definition. But if one man's pornography is another woman's erotica is another person's sex tape, what really counts as porn? And who gets to do the counting? In this alternative conversation around digital sexual expression in India, Richa Kaul Padte takes readers on an intimate tour of the sexy internet. From camgirls to fanfiction writers, homemade videos to consent violations, Cyber Sexy is an unflinching deep dive into the messy terrain of what it means to seek out pleasure online. The question of whether or not something counts as porn is, ultimately, left up to the reader. After all, you'll know it when you see it, right?

*The Art of Work*

A refreshing read in terms of its take on the issue of hate

speech, hurt, and politics of it. The currency of "hurt" as a claim to, and pretext for, political correctionism—and often taking recourse to the logic of the antipopular as anti-State—has erected a machinery of censorship governed by the economies and excesses of a "marketplace of outrage." This volume seeks to map this ready vocabulary of a potential victimhood and its consequent excuse for repressive regimes of State

vigilantism. It investigates the ways in which such "hurt" is expressed and abetted by the State or its actors, staged by popular media and often subsumed as public opinion. It builds the necessary structure of argument around the idea of "hurt" with reference to recent political events, the history of sentimental mobilizations and various kinds of censorship attempts in India.
