Answer To Ucla Logic 2010

as sentences in logic. Suppose you answer the question: ‘ I am not sleepy. ’ This is either true or false, and so it is a sentence in the logical sense. Generally, questions will not count as sentences, but answers will. ‘ What is this course about? ’ is not a sentence.

‘ No one knows what this course is about ’ is a sentence.

Symbolic Logic Text - tparsons5555 - Google Sites

There are plenty of people there whose grasp of logic is strong enough to help you out with this problem, and they are very friendly. They won't just give you the answer, though. They'll want to know that you put in some effort to solve this problem, so show them what you got when trying to symbolize this and they'll show you where you might've gone wrong.

logic 2010 hard af symbolization question : ucla

The UCLA Logic Center was established in the Fall of 2004, by a generous anonymous donation. Its purpose is to foster teaching and research in logic, broadly understood to include all areas of mathematical and philosophical logic as well as the applications of logic to philosophy, linguistics, and computer science.
