An outstanding novel about a young Russian woman's life in exile after the Russian Revolution. The Book of Happiness is one of the outstanding novels the great Russian

writer Nina Berberova wrote during the years she lived in Paris, and the most autobiographical. "All Berberova's characters live raw, unfurnished lives, in poverty, on the edge of cities, with little sense of belonging except in moments of epiphany to their time and in life itself" (The Observer). Such a character is Vera, the protagonist of The Book of Happiness. At the novel's opening, Vera is summoned to the scene of a suicide, that of her childhood companion, Sam Adler, whose family left Russia in the early days of the revolution and whom Vera has not

seen in many years. His death reduces Vera to a flood of tears and memories of the times before Sam's departure, and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband. Berberova spins the story with a wonderful un sentimental poignancy, making it a beautiful testament to the indestructibility of happiness. stories which were such an important part of their culture. Here Dr. Green uses the works of contemporary commentators from the Classical world, later Christian scribes recording oral traditions, and archaeological evidence to discuss Celtic myths and their religious beliefs and rituals. written you after my first reading of The Living Currency; it was already breathtaking and I should have responded. After reading it a few more times, I know it is the best book of our times.' Letter to Pierre Klossowski from Michel Foucault, winter 1970. Living Currency is the first English translation of Klossowski's *La monnaie vivante*. Dictionnaire Fran ç ais-anglais, Anglais-fran ç ais Paizo Pub Llc With the rise of naturalism in the art of the late Middle Ages and the Renaissance there developed an extensive and diverse literature about art which helped to explain, justify and shape its new aims. In this book, David

Summers provides an investigation of the philosophical and psychological notions invoked in this new theory and criticism. From a thorough examination of the sources, he shows how the medieval language of mental discourse derived from an understanding of classical thought. Hujar was right there in it. The Lower East Side between 1972 and 1985 -- filled with artists, wannabe artists and hangers-on -- was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera -- and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.
