Prepare yourslef for discoveries and new adventures with this incredible book about the true origin of wanderlust. This edition forms a complete history of the

earliest start and progress of navigation, discovery, and commerce, by sea and land, from the earliest ages to the early 19th century. First part of the work covers voyages and travels of discovery in the middle ages; from the era of Alfred, King of England, in the ninth century to that of Don Henry of Portugal at the commencement of the fourteenth century. Second part deals with general voyages and travels chiefly of discovery; from the era of Don Henry, in 1412, to that of George III. in 1760. The rest of the work has some particular voyages and travels arranged in systematic order, Geographical and Chronological, and studies voyages during the era of George III conducted upon scientific principles, by which the Geography of the globe has been nearly perfected.
