Ancient Gods, Goddesses, Heroes, and Monsters  
This book on Greek mythology is part of the best-selling series "Norse Mythology - Egyptian Mythology - Greek Mythology." In this ultimate guide on Greek Mythology, you will discover captivating stories of the Ancient Gods, Goddesses, Heroes, and Monsters. This book includes some of the standard views of Greek myth and history but also tantalizes your

imagination with the possibilities that lay behind myth and legend. By the time you are finished with this book, you will have a good appreciation for the nature of Greek mythology and the gods, monsters, and heroes which populate it. Just some of the topics covered in this book include Uranus: Betrayal by Cronus  
Cronus: Fear of His Children  
Titans vs. Olympian Gods  
Olympian Rule  
Zeus and His Ladies  
Prometheus and Herakles

An Unhappy Tale of the Underworld  
The Beauty Contest that Led to the Fall of Troy  
Poseidon, Metis, Athena and Atlantis  
Kraken and Other Monsters  
Jason, the Argonauts, and Medea's Dragon  
Menelaus, Agamemnon, and the Trojan War  
Solon, the Athenian Law Giver  
300 Spartans  
Socrates, Plato, and Aristotle  
Alexander the Great  
Greek myth is full of fascinating tales of Titans and Olympian gods. Some of it makes us

---

wonder if there might be some hint of truth behind those stories, no matter how outrageous they may sound. What parts of those stories were merely symbolic and what parts were literal? Buy the book now and learn more about Greek mythology

Can you help Dr. Watson find his  
missing friend Sherlock Holmes?

Follow the trail of clues in a series  
of interconnected logic puzzles to  
solve the mystery! Sherlock  
Holmes is missing, and he's left a  
fiendishly puzzling trail of clues  
to his whereabouts. In Sherlock  
Holmes Escape Room Puzzles,  
you'll take on the role of  
Sherlock's trusted friend Dr.  
Watson and attempt to solve 10  
interconnected puzzles to sort out  
the mystery. Each of the story-  
driven puzzles requires that you  
use logical reasoning,  
mathematics, and observation  
skills to find the solution. The  
puzzle pages in the book can also  
be downloaded using an included  
QR code if you want to share the  
fun with your friends. If you're  
stumped, clues of three levels of

---

difficulty will give you a push in the right direction. Button up your coat and don your sleuthing hat—for the game is afoot!

\*Includes pictures  
\*Includes excerpts  
from Hittite annals  
about their culture  
and battles \*Includes  
a bibliography for  
further reading  
\*Includes a table of  
contents "Whoever  
after me becomes king  
resettles Hattusas,  
let the Stormgod of

the Sky strike him!"  
- A Hittite  
inscription found at  
the capital city of  
Hattusa The pages of  
world history  
textbooks contain a  
litany of "lost"  
empires and  
civilizations, but  
usually, upon further  
review, it is  
revealed that these  
so called lost  
empires are often  
just lesser known  
cultures that had a  
less apparent impact  
on history than other

more well-known  
civilizations. When  
one scours the pages  
of history for a  
civilization that was  
inexplicably lost,  
but had a great  
impact during its  
time, very few  
candidates can be  
found, but the  
Hittites are a  
notable example. In  
fact, the Hittites  
are an ancient people  
who remain somewhat  
enigmatic, and  
perhaps little known  
to most people, but

---

their influence on the ancient Near East is undeniable. From high on their capital of Hattusa in central Anatolia, the Hittites were able to conquer and control a kingdom that roughly comprised the area of the modern nation-states of Turkey, Syria, and parts of Iraq and Lebanon through a combination of brute military force and shrewd diplomatic machinations.

Compared to some of their contemporaries - including the Egyptians, Assyrians, and Babylonians - the Hittites were somewhat distant both culturally and geographically. The Hittites were an Indo-European speaking in an ocean of Afro-Asiatic and Semitic groups, their homeland was to the north of Mesopotamia, and it contained no major river like the Nile, Tigris, or

Euphrates Rivers. The Hittite empire was also far less enduring than its neighbors, as it only existed from about 1800-1200 BCE (van de Mierop 2007, 156), which was considerably shorter than most of the other major kingdoms of the Near East. With that said, the influence of the Hittites on the politics, economy, and overall situation of the ancient Near

---

East cannot be understated; the Hittites were a force to be reckoned with while they existed. The sources used to reconstruct Hittite history and chronology are many and varied, and since the Hittites were a literate people who developed a fairly sophisticated corpus of literature, ancient Hittite archives can be used to reconstruct events.

Unfortunately, the Hittites were not keen about dating their sources, so most of the dates are dependent on ancient Egyptian sources (Macqueen 2003, 8). The Egyptian sources also provide excellent details on events that either the Hittites refused to mention in their own texts, have not been discovered yet, or have been lost to the ages. Of course, modern archaeology

has also helped to fill in the knowledge about Hittite civilization, especially in regards to palace and religious life in the ancient capital of Hattusa. Based on all of these sources, as well as studies by eminent modern scholars in the field, it's possible to examine who the Hittites were, their influence on the ancient Near East, and the eventual

---

collapse of their empire. The Hittites: The History of the Most Prominent Empire of the Ancient Near East traces the history and legacy of the Hittites across several centuries. Along with pictures of important people, places, and events, you will learn about the history of the Hittites like never before, in no time at all.

Por lo que sabemos de historia, Egipto, junto con Sumeria, construyeron los cimientos de la civilización. El Creciente Fértil, que se extendía del Valle del Nilo hasta los ríos gemelos de Mesopotamia, nos ofrecieron la primera visión del hombre organizado. Pero... ¿cómo se organizaba? En primer lugar, la escritura surgió en ambos lugares: los jeroglíficos en Egipto y la escritura cuneiforme en Sumeria.

Todavía existe cierto debate sobre cuál fue la primera. En este libro, comenzaremos observando a los Dioses y Diosas de Kemet, el antiguo Egipto. Más adelante, dedicaremos nuestra atención a los monstruos que probablemente les dieron pesadillas y les hicieron sufrir en sus esfuerzos por poner en orden el mundo que les rodeaba. Por último, echaremos un vistazo a los mortales que dieron forma a su civilización e hicieron de Egipto la base de nuestra propia

\*Includes pictures  
\*Includes ancient  
accounts \*Includes  
online resources  
and a bibliography  
for further reading  
To the ancient  
Egyptians, as was  
the case with any  
society made up of  
inquiring humans,  
the world was a  
confusing and often  
terrifying place of  
destruction, death  
and unexplained  
phenomena. In order  
to make sense of

such an existence,  
they resorted to  
teleological  
stories. Giving a  
phenomenon a story  
made it less  
horrifying, and it  
also helped them  
make sense of the  
world around them.  
Unsurprisingly,  
then, the ancient  
Egyptian gods  
permeated every  
aspect of  
existence. Given  
the abundance of  
funerary artifacts

---

that have been found. Thus, it's little surprise that within the sands of Egypt, it sometimes seems as though the Ancient Egyptians were more concerned with the matters of the afterlife than they were with matters of the life they experienced from day to day. This is underscored most prominently by the pyramids, which have captured the world's imagination for centuries.

Osiris was one of the most important gods in the Egyptian pantheon, and he could well be the most famous of the Egyptian gods today. Aside from the ubiquity of the sun-god Re in much of modern popular culture, it is Osiris who captivates the minds of modern readers most. His

story is both familiar and strangely alien. He is the god of the dead, but he became so by the very fact of his mortality. All the gods of ancient Egypt were capable of dying, but Osiris was also a symbol of resurrection, not unlike Christ in Christian theology. Osiris was betrayed by somebody close to him (in this

---

case, his brother Seth) and was murdered and reborn, but here is where Osiris and Christ part ways. Osiris's death is brutal, and his resurrection is the product of his wife Isis's love for him. Furthermore, Osiris was associated with the kings of Egypt because the Egyptians believed he was a king himself. The ancient Egyptians could trace their kings back, one by one, to a time when the gods were believed to have ruled the land in person. Osiris was the third or fourth successor to the Egyptian throne after creation, and the Egyptians believed that Osiris's connection with kingship is what allowed their kings to be reborn in a way themselves. He was also said to be physically enormous - almost 15 and a half feet according to some sources - which was said to have aided him in his military campaigns. Despite his grotesque appearance - it's likely that his green and black skin coloration was an early attempt at

---

depicting  
putrefaction -  
Osiris was the  
epitome of hope and  
renewal. His skin  
later came to  
represent the lush  
green of the crops  
around the Nile and  
the fertile black  
land they grew out  
of nearby. He was  
often shown as a  
mummified king  
sitting on a throne  
with the flail of a  
pharaoh and the  
crook of a

shepherd, since he  
was the shepherd of  
people to the land  
of the dead, Duat.  
In fact, although  
Osiris was said to  
be capable of  
sending "demons" to  
the world of the  
living, he was  
generally  
considered to be a  
benevolent king of  
the underworld.  
Depending on the  
phenomenon or  
feeling the ancient  
Egyptians

experienced, there  
was a corresponding  
deity and a story  
to explain the  
connection.  
Acclaimed  
Egyptologist Garry  
Shaw described this  
ethos as "an  
endless repetition  
of creations,  
destructions and  
rebirths, entangled  
in a net of divine  
interactions ...  
each person  
[living] as the  
hero of his own

---

mythic narrative  
each day." In this  
way, the ancient  
Egyptian would  
"assimilate"  
themselves with the  
corresponding deity  
that defined their  
situation at any  
given time. Osiris:  
The History and  
Legacy of the  
Ancient Egyptian  
God of the Dead  
looks at the  
mythology  
surrounding one of  
antiquity's most

famous deities.  
Along with pictures  
depicting important  
people, places, and  
events, you will  
learn about Osiris  
like never before.
