*The Dog and the Dolphin*  
Crown Archetype  
Every dog is different, but each loves his or her human in a special way. Often they are brave, noble, and strong. Sometimes they make us laugh, at them and at ourselves. Always they make us feel less alone and more loved. These ninety devotions will encourage and inspire you as you see how God is revealed in the antics and actions of our four-legged friends.

#### Fieldhouse Sphere

This story poses a profound question - do we accept the hand that fate deals us, or do we battle to make the most of the life we have and help others in the process? Chris Graham, just 38 years old but already facing the advanced stages of Alzheimer's disease, has emphatically chosen the latter. Having lived through a troubled childhood, Chris

joined the British Army at a young age and found that the life of a soldier provided him with a much-needed sense of stability. However, his world was turned upside down when, at just 34 years of age, he was diagnosed with a form of early onset dementia. This brutal disease had already claimed the life of his father at 42, along with several other members of his family, and tragically had already confined his brother to a nursing home at the age of 43. In his brother's life, Chris could see a terrifying window into his own near future. Chris, though, is an extraordinary human being. Having been handed nothing less than a death sentence, he decided overnight to stand up to this horrendous disease and do something to leave his mark before it was too late. And so it was that last year, Chris embarked on an awareness-raising 16,000-mile solo cycle around North America, armed

---

only with his bike, a sense of humour, and some good old-fashioned British grit. Leaving his ever-supportive wife Vicky and baby son Dexter at home, he took on huge challenges - for instance, the fear that the ability to discern left from right might leave him at any point while navigating an entire continent - and made it home in time for Christmas, determined to spending however long he has left pouring his love and attention into his family life. Five Minutes of Amazing is both the story of Chris' epic journey and of his fight against the disease increasingly being recognised as the defining disease of our generation. Inspiring and heart-rending in equal measure, it's as important as it is moving, and it will touch everyone who reads it.

“ Workers looking for more fulfilling positions should start by identifying their ikigai. ”

Business Insider “ One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your personal ikigai, and live your best life. ”

Forbes Find your ikigai (pronounced ee-key-guy) to live longer and bring more meaning and joy to all your days. “ Only staying active will make you want to live a hundred years. ” —Japanese proverb According to the Japanese, everyone has an ikigai—a reason

---

for living. And according to the residents of the Japanese village with the world's longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—where what you love, what you're good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found

a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness

Set in Southern Ireland in the tiny coastal village of Tulaigh Morh, Waking Ned is the comic tale of Jackie O'Shea and Michael O'Sullivan and a lottery scam that changes the lives of their community for ever.

The Beat of My Own Drum Zondervan

**INSPIRED** by the true story of a dog named Rip who was the first search-and-rescue dog during the Second World War, Mr. Scraps is a heart-warming story of courage, love and devotion that will appeal to parents and children alike. Bobby, a seven-year-old rescue dog of dubious heritage, lives with his Master and uses his sense of smell to navigate the world. His Boy is missing in action, his Lady has slipped down the rabbit-hole and there's little excitement in his life. No sooner had his Master told him they were at war than the terror-birds started dropping the egg-bombs that forever change his world. Through Bobby's perceptive eyes, ears, and nose, the reader experiences the life of a canine victim of war. Alone and terrified, he encounters only death and

---

fire-stink until he is befriended by a scab-kneed boy called Lawrie who names him Mr. Scraps, and Harry, a fireman who realises how useful he could be. In a daily game of seek-and-reward Mr. Scraps becomes the first ever search-and-rescue dog. Between them, he and Harry find more than three hundred dead or dying and are almost killed in the process. After the war Mr. Scraps is awarded the Dickin Medal (the animal equivalent of the Victoria Cross).

Presentation Zen Simon and Schuster

“ Luiselli follows in the imaginative tradition of writers like Borges and M á rquez, but her style and concerns are unmistakably her own. This deeply playful novel is about the passion and obsession of collecting,

the nature of storytelling, the value of objects, and the complicated bonds of family.

. . Luiselli has become a writer to watch, in part because it ' s truly hard to know (but exciting to wonder about) where she will go next. ” —The New York

Times I was born in Pachuca, the Beautiful Windy City, with four premature teeth and my body completely covered in a very fine coat of fuzz. But I'm grateful for that inauspicious start because ugliness, as my other uncle,

Eur í pides L ó pez S á nchez, was given to saying, is character forming. Highway is a late-in-life world traveler, yarn spinner, collector, and legendary auctioneer. His most precious possessions are the teeth of the "notorious infamous" like Plato,

---

Petrarch, and Virginia Woolf. Written in collaboration with the workers at a Jumex juice factory, *Teeth* is an elegant, witty, exhilarating romp through the industrial suburbs of Mexico City and Luiselli's own literary influences. Valeria Luiselli was born in Mexico City in 1983 and grew up in South Africa. Her work has been translated into many languages and has appeared in publications including the *New York Times*, *Granta*, and *McSweeney's*. Her novel, *The Story of My Teeth*, is the winner of the LA Times Book Prize in Fiction.

Gaz and Dave are redundant steelworkers in Sheffield. What can they do to turn their lives around?

When a visit by a male-strip group draws a frenzied response from local women, it gives them an idea! This humorous tale also has a serious side in its depiction of the effects of unemployment. *The Full Monty* is a hit movie starring Robert Carlyle.

*Born Survivors* Longman  
The gripping family drama—and never-before-told love story—surrounding the rise and fall of the late Aldo Gucci, the man responsible for making the legendary fashion label the powerhouse it is today, as told by his daughter. Patricia Gucci was born a secret: the lovechild whose birth could have spelled ruination for her father, Aldo Gucci. It was the early 1960s, the halcyon days for Gucci—the must-have brand of Hollywood and royalty—but also a time when having a child out of wedlock was illegal in Italy. Aldo couldn't afford a public scandal, nor could he resist his feelings for Patricia's mother, Bruna, the

---

paramour he met when she worked in the first Gucci store in Rome. To avoid controversy, he sent Bruna to London after she became pregnant, and then discretely whisked her back to Rome with her newborn hidden from the Italian authorities, the media, and the Gucci family. In *In the Name of Gucci* charts the untold love story of Patricia's parents, relying on the author's own memories, a collection of love letters and interviews with her mother, as well as an archive of previously unseen photos. She interweaves her parents' tempestuous narrative with that of her own relationship with her father—from an isolated little girl who lived in the shadows for the best part of a decade through her rise as Gucci's spokesperson and Aldo's youngest protégé, to the moment when Aldo's three sons were shunned after betraying him in a notorious coup and Patricia—once considered a guilty secret—was made his sole universal heir. It is an epic tale of love and loss, treason and loyalty, sweeping across Italy, England and America during the most

tumultuous period of Gucci's sixty years as a family business.

*Waking Ned* Bloomsbury Publishing USA

Designed especially for animal lovers and adult colorists, this book features 31 original illustrations of cats and dogs in precious poses. The furry friends appear singly and together, indoors and out, in a heartwarming gallery of animal companions. Pages are perforated and printed on one side only for easy removal and display. ## 1) Doral Pub

From surviving a horrific terrorist attack in Northern Ireland, to the violence of the Gulf War and an assault course of harrowing experiences in Iraq, Bosnia and Columbia, Major Bill Shaw had seen it all. But Bill's strength and courage was tested to its absolute limits when he was arrested for a crime he did not commit. Posted in Afghanistan after two years in Iraq, Bill was responsible for the safety of four hundred men in a full-scale danger zone in one of the most dangerous countries in the world. The married father and grandfather, who had risen through the ranks to become a commander of men and an MBE, had long accepted that each day could be his last. But he never expected to find his

own life at risk under a corrupt legal system.

Thrown into prison and forced to share a cramped, vermin-infested cell with sixteen Afghans, among them members of the Taliban and al-Qaeda, Bill had no idea when, or even if, he would see his family again. This is the incredible true story of a brave soldier who survived some of the toughest war zones in the world only to face the nightmare of being wrongfully imprisoned a very long way from home. Gritty and gripping, this powerful military memoir is an eye-opening account of life on the frontline.

Zendaya, Jason Momoa, Rebecca Ferguson, Oscar Isaac, Josh Brolin, Stellan Skarsgård, Dave Bautista, Stephen McKinley Henderson, Chang Chen, Charlotte Rampling, and Javier Bardem. A deluxe hardcover edition of the best-selling science-fiction book of all time—part of Penguin Galaxy, a collectible series of six sci-fi/fantasy classics, featuring a series introduction by Neil Gaiman. Winner of the AIGA + Design Observer 50 Books | 50 Covers competition. Science fiction's supreme masterpiece, *Dune* will be forever considered a triumph of the imagination. Set on the desert planet Arrakis, it is the story of the boy Paul Atreides, who will become the mysterious man known as Muad'Dib. Paul's noble family is named stewards of Arrakis, whose sands are the only source of a powerful drug called "the spice." After his

family is brought down in a traitorous plot, Paul must go undercover to seek revenge, and to bring to fruition humankind's most ancient and unattainable dream. A stunning blend of adventure and mysticism, environmentalism and politics, *Dune* won the first Nebula Award, shared the Hugo Award, and formed the basis of what is undoubtedly the grandest epic in science fiction. Penguin Galaxy Six of our greatest masterworks of science fiction and fantasy, in dazzling collector-worthy hardcover editions, and featuring a series introduction by #1 New York Times bestselling author Neil Gaiman, Penguin Galaxy represents a constellation of achievement in visionary fiction, lighting the way toward our knowledge of the universe, and of ourselves. From historical legends to mythic futures, monuments of world-building to mind-bending

---

dystopias, these touchstones of human invention and storytelling ingenuity have transported millions of readers to distant realms, and will continue for generations to chart the frontiers of the imagination. *The Once and Future King* by T. H. White *Stranger in a Strange Land* by Robert A. Heinlein *Dune* by Frank Herbert *2001: A Space Odyssey* by Arthur C. Clarke *The Left Hand of Darkness* by Ursula K. Le Guin *Neuromancer* by William Gibson For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and

contemporary authors, as well as up-to-date translations by award-winning translators. [The Daniel Plan](#) Simon and Schuster From the Grammy-nominated singer, drummer, and percussionist who is world renowned for her contributions throughout the music industry, a moving memoir about the healing power of music and spiritual growth inspired by five decades of life and love on the stage. She was born Sheila Escovedo in 1957, but the world knows her as Sheila E. She first picked up the drumsticks and started making music at the precocious age of three, taught by her legendary father, percussionist Pete Escovedo. As the goddaughter of Tito Puente, music was the heartbeat of her family, and despite Sheila's impoverished childhood in Oakland, California, her family stayed strong, inspired by the music

---

they played nightly in their living room. When she was only five, Sheila delivered her first solo performance to a live audience. By nineteen, she had fallen in love with Carlos Santana. By twenty-one, she met Prince at one of her concerts. Sheila E. and Prince would eventually join forces and collaborate for more than two decades, creating hits that catapulted Sheila to her own pop superstardom. *The Beat of My Own Drum* is both a walk through four decades of Latin and pop music—from her tours with Marvin Gaye, Lionel Richie, Prince, and Ringo Starr to her own solo career. At the same time, it's also a heartbreaking, ultimately redemptive look at how the sanctity of music can save a person's life. Having repeatedly endured sexual abuse as a child, Sheila credits her parents, music, and God with giving her the will to carry on and to build a lasting

legacy. Rich in musical detail, pop, and Latin music history, this is a fascinating walk through some of the biggest moments in music from the '70s and '80s. But as Sheila's personal story, this memoir is a unique glimpse into a world-famous drummer's singular life—a treat for both new and longtime fans of Sheila E. And above all, *The Beat of My Own Drum* is a testament to how the positive power of music has fueled Sheila's heart and soul—and how it can transform your life as well. *The Story of My Teeth Crown* Percy the pug is homeless, abandoned by his owner at an animal rescue centre on a cold winter's night. So when he finds a loving new home with Gail, his deepest wish is that this time, it's forever. Gail, meanwhile, hopes that Percy will be the little miracle that her family so desperately needs. Her young daughter

---

Jenny is in and out of hospital, and she's only just holding things together with her husband Simon. With the family at breaking point, and Christmas just around the corner, is Percy the furry friend they've all been waiting for?

Based on actual events, Fieldhouse is the story of Scott Novosel and his journey to play for the Kansas Jayhawks basketball team.

Seven at Sea HarperCollins  
UK

When you look into the happy, dancing eyes of your pet, you see a spark of love that warms your heart.

These furry children give absolute, unconditional adoration to us--asking nothing but that we hug

them, ruffle the fuzzy places between their ears, and give them a lilted-voiced, "Good boy!" or "Good girl!" We believe there is a bond between them and us that just had to be cemented by supernatural influence--by the Creator--and we've included Scripture to back up our contention. Do Our Pets Go to Heaven? is a book intended to explore the relationship between you and your pets...to, as far as possible, embrace the understanding that the death of those wonderful family members we love so much can be the door to a forever that is filled with unending love. The world of pets--for that matter, of animals in general--is a phenomenal mix of interaction and curiosity. This book presents some of the facets of those interactions and curiosities

---

that we believe will cause you to want to keep returning to its pages time after time. The writers of *Do Our Pets Go to Heaven?* have poured much of ourselves into this volume. It is an investment of love we want to share with you, who we know also love your furry family members with all your hearts.

#### White Fang HQ

A New York City family's remarkable story of how they gave up their urban life, packed up their family of seven--the youngest, a six-year-old with Down syndrome--and braved the difficult conditions of the Atlantic Ocean as they sailed more than 2,500 miles from New York to and around the Caribbean. They thought of all the reasons why risking everything for a year at sea was a bad idea: They could go broke, get injured, be stranded at sea--maybe even die. More than likely, the only thing they would accomplish would be to embarrass themselves. Besides, only rich people sailed the world,

right? Not a NYC theater family with five kids who would serve as the ship's entire crew. After all the deliberations, one thing was clear: their children would either be an excuse or a reason. They chose to set sail. Their journey proved to be a life-changing experience as they grew closer as a family and explored the world in a new way. They traveled to twenty-three islands, spanning eleven countries and territories, and got a hands-on global education while meeting new people and appreciating a variety of cultures. They experienced the beauty and fragility of the earth as well as the vastness and power of the sea. Working together as a family and a sailboat crew meant learning how to tackle hard challenges together, helping each other improve their skills, and exercising patience when difficult conditions emerged. *Seven at Sea* tells the story of a family learning to live together, simply and in harmony with the natural world. In doing so, they learned that giving up control can sometimes lead to amazing adventures. More importantly, they

---

discovered how little they actually  
needed to be abundantly happy.
