Lord of the Flies Princeton Review

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

Test of Metal Farrar, Straus and Giroux

NEW YORK TIMES BESTSELLER • From the Pulitzer Prize-winning author of *The Looming Tower*—a riveting thriller and "all-too-convincing chronicle of science, espionage, action and speculation" (The Wall Street Journal). At an internment camp in Indonesia, forty-seven people are pronounced dead with acute hemorrhagic fever. When epidemiologist Henry Parsons travels there on behalf of the World Health Organization to investigate, what he finds will have staggering repercussions. Halfway across the globe, the deputy director of U.S. Homeland Security scrambles to mount a response to the rapidly spreading pandemic leapfrogging around the world, which she believes may be the result of an act of biowarfare. And a rogue experimenter in man-made diseases is preparing his own terrifying solution. As already-fraying global relations begin to snap, the virus slashes across the United States, dismantling institutions and decimating the population. With his own wife and children facing diminishing odds of survival, Henry travels from Indonesia to Saudi Arabia to his home base at the CDC in Atlanta, searching for a cure and for the origins of this seemingly unknowable disease. *The End of October* is a one-of-a-kind thriller steeped in real-life political and scientific implications, filled with the insight that has been the hallmark of Wright's acclaimed nonfiction and the full-tilt narrative suspense that only the best fiction can offer.

"A masterpiece" about faith, race, and morality at a medieval turning point, from the National Jewish Book Award winner and "Israeli Faulkner" (The New York Times). It's edging toward the end of the year 999 when Ben Attar, a Moroccan Jewish merchant from Tangiers, takes two wives—an act of bigamy that results in the moral objections of his nephew and business partner, Raphael Abulafia, and the dissolution of their once profitable enterprise of importing treasures from the Atlas Mountains. Abulafia's repudiation triggers a potentially perilous move by Attar to set things right—by setting sail for medieval Paris to challenge his nephew, and his nephew's own pious wife, face to face. Accompanied by a Spanish rabbi, a Muslim trader, a timid young slave, a crew of Arab sailors, and

his two veiled wives, Attar will soon find himself in an even more dangerous battle—with the Christian zealots who fear that Jews and others they see as immoral infidels will impede the coming of Jesus at the dawn of a new millennium. From the author of *A Woman in Jerusalem*, winner of the Los Angeles Times Book Prize, this is an insightful portrait of a unique moment in history as well as the timeless issues that still trouble us today. "The end of the first millennium comes to represent only one of many breaches—between north and south, Christians and Jews, Jews and Muslims, Ashkenazic and Sephardic Jews, men and women—across which A. B. Yehoshua's extraordinary novel delivers us." —The New York Times
