[Rethinking Gandhi and Nonviolent Relationality](#) SAGE Publications India

An extraordinary history of resistance and the fight for Indian independence—the little-known story of seven foreigners to India who joined the movement fighting for freedom from British colonial rule. *Rebels Against the Raj* tells the story of seven people who chose to struggle for a country other than their own: foreigners to India who across the late 19th to late 20th century arrived to join the freedom movement fighting for independence from British colonial rule. Of the seven, four were British, two American, and one Irish. Four men, three women. Before and after being jailed or deported they did remarkable and pioneering work in a variety of fields: journalism, social reform, education, the emancipation of women, environmentalism. This book tells their stories, each renegade motivated by idealism and genuine sacrifice; each connected to Gandhi, though some as acolytes where others found endless infuriation in his views; each understanding they would likely face prison sentences for their resistance, and likely live and die in India; each one leaving a profound impact on the region in which they worked, their legacies continuing through the institutions they founded and the generations and individuals they inspired. Through these entwined lives, wonderfully told by one of the world's finest historians, we reach deep insights into relations between India and the West, and India's story as a country searching for its identity and liberty beyond British colonial rule.

Kashmir's Untold Story Mittal Publications

I have written over 160 books; I think this is the best book that I have ever compiled. This book is titled ""India's Struggle"" dividing people along Racial and Tribal lines. Let's, begin with the truth. All humans are created equal. Unfortunately, some Tribes were born in an environment that put them at a disadvantage situation, because of isolation from other Tribes That was understandable at that Period in History. They were looked upon as the Untouchable, Outcast, Cursed and etc. I believe this is how the Caste System was created. Thank God for Gandhi and Mother Teresa dedicating their lives helping these people. I truly understand what the Black Race had to overcome from discrimination and oppression for hundred of years just because of their skin color. Blacks had the same dilemma as the Untouchable and poor people in India.

Children will learn about Gandhi's remarkable life and how an individual has the power to change the world.

Gandhi's Hinduism the Struggle against Jinnah's Islam Bloomsbury Publishing

Gandhi, a devout Hindu, believed faith could nurture the civilizational harmony of India, a land where every religion had flourished. Jinnah, a political Muslim rather than a practicing believer, was determined to carve up a syncretic subcontinent in the name of Islam. His confidence came from a wartime deal with Britain, embodied in the 'August Offer' of 1940. Gandhi's strength lay in ideological commitment which was, in the end, ravaged by the communal violence that engineered partition. The price of this epic confrontation, paid by the people, has stretched into generations. M.J. Akbar's book, meticulously researched from original sources, reveals the astonishing blunders, lapses and conscious chicanery that permeated the politics of seven explosive years between 1940 and 1947. Facts from the archives challenge the conventional narrative, and disturb the conspiratorial silence used to protect the image of famous icons. Gandhi's Hinduism: The Struggle Against Jinnah's Islam delves into both the ideology and the personality of those who shaped the fate of a region between Iran and Burma. It is essential reading for anyone interested in modern Indian history, and the past as a prelude to the future.

DK Eyewitness Top 10 Delhi Univ of California Press

In his Autobiography, Gandhi wrote, "What I want to achieve—what I have been striving and pining to achieve these thirty years—is self-realization, to see God face to face. . . . All that I do by way of speaking and writing, and all my ventures in the political field, are directed to this same end." While hundreds of biographies and histories have been written about Gandhi (1869–1948), nearly all of them have focused on the political, social, or familial dimensions of his life. Very few, in recounting how Gandhi led his country to political freedom, have viewed his struggle primarily as a search for spiritual liberation. Shifting the focus to the understudied subject of Gandhi's spiritual life, Arvind Sharma retells the story of

Gandhi's life through this lens. Illuminating unsuspected dimensions of Gandhi's inner world and uncovering their surprising connections with his outward actions, Sharma explores the eclectic religious atmosphere in which Gandhi was raised, his belief in reincarnation, his conviction that morality and religion are synonymous, his attitudes toward tyranny and freedom, and, perhaps most important, the mysterious source of his power to establish new norms of human conduct. This book enlarges our understanding of one of history's most profoundly influential figures, a man whose trust in the power of the soul helped liberate millions. /div

Gandhi Greenwood Publishing Group

Sometime in the late summer of 1976, Sanjay Gandhi asked if I wanted to go flying with him... After first attempting to teach Karan Thapar to fly (not very successfully) Sanjay Gandhi took the controls and performed a series of aerobatics, not particularly dangerous but nonetheless thrilling. Once they were further away from Delhi, he became even more daring. Suddenly, he decided to scare the farmers working in the fields below by aiming the aircraft straight at them. As he dived down, they scattered and ran, fearing for their lives. At the last moment, Sanjay pulled up dramatically and waved at the bewildered farmers, clearly chuffed with the whole performance. The manoeuvre required nerves of steel and tremendous self-confidence, both of which Sanjay possessed in plenty. In Devil's Advocate, Karan dives deep into his life to come up with many such moments. Included here are stories of warm and lasting friendships, such as with Benazir Bhutto, whom he met while he was an undergraduate. He also talks about his long association with Aung San Suu Kyi and Rajiv Gandhi. However, not all friendships lasted—for example, with L.K. Advani, with whom he shared a close bond until an unfortunate disagreement over an interview caused a falling-out. The tension generated during an interview has spilled over off-screen multiple times, and Karan discusses these incidents in detail. For instance, when Amitabh Bachchan lost his cool during a post-interview lunch or when Kapil Dev cried like a baby. And there's the untold story of two of his most controversial interviews—with Jayalalithaa and Narendra Modi. While Jayalalithaa laughed it off later, the after-effects of Modi's infamous walkout have grown worse with time. Riveting and fast-paced, Devil's Advocate is as no-holds-barred as any of Karan Thapar's interviews.

The Culture and Recipes of India DK Children

Opening in July 1914, as Mohandas Gandhi leaves South Africa to return to India, *Gandhi: The Years That Changed the World, 1914-1918* traces the Mahatma's life over the three decades preceding his assassination. Drawing on new archival materials, acclaimed historian Ramachandra Guha follows Gandhi's struggle to deliver India from British rule, to forge harmonious relations between India's Hindus and Muslims, to end the pernicious practice of untouchability, and to nurture India's economic and moral self-reliance. He shows how in each of these campaigns, Gandhi adapted methods of nonviolence that successfully challenged British authority and would influence revolutionary movements throughout the world. A revelatory look at the complexity of Gandhi's thinking and motives, the book is a luminous portrait of not only the man himself, but also those closest to him—family, friends, and political and social leaders.

DK Eyewitness Books: Gandhi Penguin UK

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain's most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. *Gandhi & Churchill* reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain's overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India's liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping

epic of empire and insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbatten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear.

DK Eyewitness Books: Gandhi Wipf and Stock Publishers

In the first survey of Antonio Bernal's life and works, *The Artist as Eyewitness* features essays that assess his murals, situating them within the historical, political, and cultural frameworks of the Chicano movement. It also includes an analysis of Bernal's unpublished novel, *Breaking the Silence*; a biography of Bernal; short introductions to reproductions of his artwork; and a selection of his writings. Compiling personal correspondence and writings, photographs, and audiovisual materials that document Bernal's travels, artwork, and family history, this book offers an important contribution to Chicana/o studies and art history.

The Death and Afterlife of Mahatma Gandhi Springer Nature

This book presents a rethinking of the world legacy of Mahatma Gandhi in this era of unspeakable global violence. Through interdisciplinary research, key Gandhian concepts are revisited by tracing their genealogies in multiple histories of world contact and by foregrounding their relevance to contemporary struggles to regain the 'humane' in the midst of global conflict. The relevance of Gandhian notions of ahimsa and satyagraha is assessed in the context of contemporary events, when religious fundamentalisms of various kinds are competing with the arrogance and unilateralism of imperial capital to reduce the world to a state of international lawlessness. Covering a wide and comprehensive range of topics such as Gandhi's vegetarianism and medical practice, his successes and failures as a litigator in South Africa, his experiments with communal living and his concepts of non-violence and satyagraha. The book combines historical, philosophical, and textual readings of different aspects of the leader's life and works. *Rethinking Gandhi in a New World Order* will be of interest to students and academics interested in peace and conflict studies, South Asian history, world history, postcolonial studies, and studies on Gandhi.

DK Eyewitness Travel Guide India Prometheus Books

"*The Death and Afterlife of Mahatma Gandhi* is an explosive and original analysis of the assassination of the 'Father of the Nation'. Who is responsible for the Mahatma's death? Just one determined zealot, the larger ideology that supported him, the Congress-led Government that failed to protect him, or a vast majority of Indians and their descendants who considered Gandhi irrelevant, and endorsed violence instead? Paranjape's meticulous study culminates in his reading of Gandhi's last six months in Delhi where, from the very edge of the grave, he wrought what was perhaps

his greatest miracle - the saving of Delhi and thus of India itself from the internecine bloodshed of Partition. Paranjape, taking a cue from the Mahatma himself, also shows us a way to expiate our guilt and to heal the wounds of an ancient civilization torn into two. This is a brilliant, far-reaching and profound exploration of the meaning of the Mahatma's death."

The Possibility of Contemporary Prophetic Acts Pan Macmillan

DK's bestselling city guides have been giving you the Top 10 of your favourite destinations for years. Here, they've gone one better, with the DK Top 10 World - a comprehensive full-colour gift book that showcases the Top 10 of everything around the globe. The DK Top 10 World truly is your guide to the Top 10 best of everything!

The Artist as Eyewitness Penguin UK

Among prominent leaders of the twentieth century, perhaps no one is more highly regarded than Mahatma Gandhi. He is revered by the vast majority of Hindus as the hero of Indian independence, and many people throughout the world consider him to be a modern saint. In this explosive, intriguing, and provocative investigation, Colonel G. B. Singh charges that the popular image of Gandhi is highly misleading. Despite his famous philosophy of nonviolent resistance (satyagraha), Colonel Singh's analysis of the evidence leads him to conclude that Gandhi's ideology was in fact rooted in racial animosity, first against blacks in South Africa and later against whites in India. The author also finds evidence of multiple cover-ups designed to hide Gandhi's real history, including even collusion to cover up the murder of an American. This provocative thesis is sure to be controversial.

Rebels Against the Raj Pan Macmillan

Throughout his long and turbulent career as a political leader, first in South Africa and then in India, Gandhi sought to fulfil his religious aspirations through politics and to reconcile politics with personal religious conviction. But Gandhi's religion was wildly divergent from anything to have taken root in his native India. Foremost among his private tenets was the belief that he was a world saviour, long prophesied and potentially divine. Penetrating and provocative, Kathryn Tidrick's book draws on neglected material to explore the paradoxes within Gandhi's life and personality. She reveals a man whose spiritual ideas originated not in India, but in the drawing rooms of late-Victorian England, and which included some very eccentric and damaging notions about sex. The resulting portrait is complex, convincing and, to anyone interested in the legacy of colonialism, more enlightening than any previously published. The Gandhi revealed here is not the secular saint of popular renown, but a difficult and self-obsessed man driven by a messianic sense of personal destiny.

A Comprehensive, Annotated Bibliography on Mahatma Gandhi Dk Pub

Born against a background of privation and civil war, divided along lines of caste, class, language and religion, independent India emerged, somehow, as a united and democratic country. Ramachandra Guha's hugely acclaimed book tells the full story - the pain and the struggle, the humiliations and the glories - of the world's largest and least likely democracy. While India is sometimes the most exasperating country in the world, it is also the most interesting. Ramachandra Guha writes compellingly of the myriad protests and conflicts that have peppered the history of free India. Moving between history and biography, the story of modern India is peopled with extraordinary characters. Guha gives fresh insights into the lives and public careers of those long-serving Prime Ministers, Jawaharlal Nehru and Indira Gandhi. But the book also writes with feeling and sensitivity about lesser-known (though not necessarily less important) Indians - peasants, tribals, women, workers and musicians. Massively researched and elegantly written, India After Gandhi is a remarkable account of India's rebirth, and a work already hailed as a masterpiece of single volume history. This tenth anniversary edition, published to coincide with seventy years of India's independence, is revised and expanded to bring the narrative up to the present.
