Coriolis: Last Voyage of the Ghazali Free League Publishing
The present volume is the result of a project which

concentrated on a selected subset of linguistic knowledge with the aim of giving a systematic account of the various aspects of structure and process in this subset and the interpretation of these. The subset that for a number of reasons appeared appropriate to this undertaking centres around the dimensional adjectives of German. That the en

terprise ultimately produced a less integrated and complete result than expected is due to several reasons. Some of these are of an intrinsic nature, ever present, and not particularly surprising. Some, however, are related to the character of the project itself and are worth commenting upon, as they reflect specific experiences and difficulties which we encountered during several years of working on the project. We started from the assumption that the dimensional adjectives constitute a sufficiently rich, but nevertheless limited domain of grammatical and conceptual structure which is fairly well understood and explored in relevant aspects. Consequently we expected that summarizing, integrating, and extending the numerous results that

were available should quickly lead to a more complete picture of the interaction of the components involved. However, even had the premise of this assumption been correct, the conclusion turned out to be wrong fairly early in the project. On closer inspection, the investigations of the phenomena were much less complete, the facts agreed upon less systematic, and the proposed analyses far less convincing than supposed initially.

When she died in poverty

at 31, Edith Södergran had been dismissed as a mad, megalomaniac aristocrat by most of her Finnish contemporaries. Today she is regarded as Finland's greatest modern poet. Her poems - written in Swedish - are intensely visionary, and have been compared with Rimbaud's, yet they also show deep affinities with Russian poetry, with the work of Blok, Mayakovsky and Severyanin in particular. Born in 1892 of a Finno-Swedish family, Edith Södergran grew up in Raivola, a village on the Russian border, but was educated at a German school in St Petersburg. Her early influences were Goethe and Heine, and she wrote first in German. The driving force of Edith Södergran's mature

Swedish poetry was her struggle against TB, which she contracted in 1908. For much of her short life she was a semi-invalid in sanatoria in Finland and Switzerland. Her last years were spent amid the turmoil of the Russian Revolution and in desperate poverty in Raivola, where she died in 1923. Edith Södergran saw herself as an inspired free spirit of a new order, a disciple on her own terms of Nietzsche, then of the nature mystic Rudolf Steiner, and finally of Christ. But her voice is subtle and wholly original. It transcends the limits imposed by her illness to make lyrical statements about the violence and darkness of the modern world - imagistic poems that are alarming in the

surreal beauty of their fragmentary diction. David McDuff's edition is the first complete translation into English of Edith Södergran's Swedish poetry. His versions adhere as closely as possible to the spirit and the letter of the Swedish original. In his introductory essay David McDuff gives a comprehensive and illuminating account of Edith Södergran's life and work.

IN the midway of this our mortal life,
I found me in a gloomy wood, astray
Gone from the path direct: and e'en
to tell
It were no easy task,
how savage wild
That forest,
how robust and rough its
growth,
Which to remember
only, my dismay
Renews, in
bitterness not far from

death. Yet to discourse of what
there good befell, All else will I
relate discover'd there. How
first I enter'd it I scarce can
say, Such sleepy dullness in
that instant weigh'd My senses
down, when the true path I
left, But when a mountain's
foot I reach'd, where
clos'd The valley, that had
pierc'd my heart with dread, I
look'd aloft, and saw his
shoulders broad Already
vested with that planet's
beam, Who leads all
wanderers safe through every
way.

series that began with The Girl with the Dragon Tattoo continues in this “engrossing” novel (USA Today) as brilliant hacker Lisbeth Salander teams up with journalist Mikael Blomkvist to uncover the secrets of her childhood and take revenge. Lisbeth Salander—obstinate outsider, volatile seeker of justice for herself and others—seizes on a chance to unearth her mysterious past once and for all. And she will let nothing stop her—not the Islamists she enrages by rescuing a young woman from their brutality; not the prison gang leader who passes a death sentence on her; not the deadly reach of her long-lost twin sister, Camilla; and not the people who will do anything to keep buried knowledge of a

sinister pseudoscientific experiment known only as The Registry. Once again, Lisbeth Salander and Mikael Blomkvist are the fierce heart of a thrilling full-tilt novel that takes on some of the world's most insidious problems.
