**H. P. Lovecraft, the Complete Omnibus Collection, Volume II**  
Royal Classics

In a stunning follow-up to the acclaimed *In the Company of Sherlock Holmes*, Laurie R. King and Leslie S. Klinger present a brand-new anthology of stories inspired by the Arthur Conan Doyle canon. In this follow-up to the acclaimed *In the Company of Sherlock Holmes*, expert

Sherlockians Laurie King and Les Klinger put forth the question: What happens when great writers/creators who are not known as Sherlock Holmes devotees admit to being inspired by Conan Doyle stories? While some are highly-regarded mystery writers, others are best known for their work in the fields of fantasy or science fiction. All of these talented authors, however, share a great admiration for Arthur Conan Doyle and his greatest creations, Sherlock Holmes and Dr. Watson. To the editors' great delight, these stories go in many directions. Some Sherlockians explore the spirit of Holmes himself; others tell of detectives themselves inspired by Holmes's adventures or methods. A young boy becomes a detective; a young woman sharpens her investigative skills; an aging actress and a housemaid each find that they have unexpected talents. Other characters from the Holmes stories are explored, and even non-Holmesian tales by Conan Doyle are echoed. The variations are endless! Although not a formal collection of new Sherlock Holmes stories—however some do fit that mold—instead these writers were asked to be

---

inspired by the Conan Doyle canon. The results are breathtaking, for fans of Holmes and Watson as well as readers new to Doyle's writing—indeed, for all readers who love exceptional storytelling.

### The Complete Tales of H.P. Lovecraft Gateway

H. P. Lovecraft spent his life in obscurity, finding recognition only after death. He has influenced numerous writers, musicians, and film makers. Indeed, the prolific horror writer Stephen King calls Lovecraft "the twentieth century's greatest practitioner of the classic horror tale." This edition contains 65 of Lovecraft's works.

WIKIPEDIA says: 'H.P. Lovecraft's reputation has grown tremendously over the decades, and he is now commonly regarded as one of the most important

---

horror writers of the 20th century, exerting an influence that is widespread, though often indirect.' His tales of the tentacled Elder God Cthulhu and his pantheon of alien deities were initially written for the pulp magazines of the 1920s and '30s. These astonishing tales blend elements of horror, science fiction and cosmic terror that are as powerful today as they were when they were first published. THE NECRONOMICON collects together the very best of Lovecraft's tales of terror, including the complete Cthulhu Mythos cycle, just the way they were originally published. It will introduce a whole new generation of readers to Lovecraft's fiction, as well as being a must-buy for those fans who want all his work in a single, definitive volume.

Echoes of Sherlock Holmes: Stories Inspired by the Holmes Canon Simon and Schuster Winesburg, Ohio (1919) is a collection of interrelated short stories about small-town life in the American Midwest by author Sherwood Anderson. No doubt inspired by his own decision to leave Ohio for Chicago in order to launch his career as a professional writer, these stories relate a firsthand understanding of the concerns, routines, desires, and disappointments driving the lives of many Americans in the early-twentieth century. A young man struggles to express himself, and, consumed with paranoia and loneliness, turns to violence as his only outlet.

An elderly mother recalls visions of her youth and memories of lost love as she faces death alone. A reserved woman inexplicably runs naked into the rainy streets of her town. Winesburg, Ohio is built on such stories as these, dissecting with painstaking detail the inner psychological torments of a small town 's residents who remain, in the end, unmistakably human. Their longing and loneliness bring them together as much as they define what drives them apart, but ultimately it is silence and suffering which prevail. Throughout these stories, the life and development of George Willard is told in fragments, examining the extent to which we are formed in the image of others as well as the lengths to which one young man will go to avoid the fate he is born to. Winesburg, Ohio was an instant classic, a work which came not only to define Anderson 's career, but to inspire generations of writers and readers to come. Winesburg, Ohio is recognized today as a pioneering work of Modernist fiction that precipitated a sea change in not only short story writing, but the entirety of American literature. Anderson 's style is admired for its plainspoken language and psychological detail, and he was one of the first American

authors to incorporate ideas from Freudian analysis within his work. Both darkly pessimistic and ultimately hopeful, Winesburg, Ohio endures because it captures the humanity of American life while offering to readers a sense of the promise of change. With a beautifully designed cover and professionally typeset manuscript, this edition of Sherwood Anderson 's Winesburg, Ohio is a classic of American literature reimagined for modern readers.

Waking Up Screaming Harper Collins WIKIPEDIA says: 'H.P. Lovecraft's reputation has grown tremendously over the decades, and he is now commonly regarded as one of the most important horror writers of the 20th century, exerting an influence that is widespread, though often indirect.' Poems and Essays Arcturus Publishing

A practical guide to managing your attention--the most powerful resource you have to get stuff done, become more creative, and live a meaningful life Our attention has never been as overwhelmed as it is today. Many of us recognize that our brains struggle to multitask. Despite this, we feel compelled to do so anyway while we fill each moment of our lives to the brim with mindless distraction. Hyperfocus provides profound insights into how you can best take charge of your attention to achieve a greater sense of purpose and productivity throughout the day. The most recent neuroscientific research reveals that our brain has two powerful modes that can be unlocked when we use our attention effectively: a focused mode (hyperfocus), which is the foundation for being highly productive, and a creative mode (scatterfocus), which enables us to connect ideas in novel ways. Hyperfocus helps you access each of the two mental modes so you can concentrate more deeply, think more clearly, and work and live more deliberately every day. Chris Bailey examines such topics such as:

- identifying and dealing with the

- four key types of distraction and interruption;
- establishing a clear physical and mental environment in which to work;
- controlling motivation and working fewer hours to become more productive;
- taking time-outs with intention;
- multitasking strategically; and
- learning when to pay attention and when to let your mind wander wherever it wants to. By transforming how you think about your attention, Hyperfocus reveals that the more effectively you learn to take charge of it, the better you'll be able to manage every aspect of your life.

#### Horror Short Stories Liveright Publishing

In the 1920s and '30s, H.P. Lovecraft pioneered a new type of fiction that fused elements of supernatural horror with the concepts of visionary science fiction. Lovecraft's tales of cosmic horror revolutionised modern horror fiction and earned him the reputation of the most influential American writer of weird tales since Edgar Allan Poe. H.P. Lovecraft: The Complete Fiction collects for the first time in a single volume all of Lovecraft's groundbreaking fiction. The book is exquisitely designed with bonded-leather bindings, distinctive gilt edging and an attractive silk-ribbon bookmark. Decorative, durable, and collectible, the Leatherbound Classics series offers hours of pleasure to

---

readers young and old and is an indispensable cornerstone for any home library.

H. P. Lovecraft, the Complete Omnibus, Volume I Barnes & Noble

At the Mountains of Madness, Lovecraft's incontrovertible masterpiece, written in February-March 1931, is a story that details the events of a disastrous expedition to the barren, windswept Antarctic continent, where the secret history of our planet is preserved, amidst the ruins of its first civilization, in September 1930, and what was found there by a group of explorers led by the narrator, Dr. William Dyer of Miskatonic University. Throughout the story, Dyer details a series of previously untold events in the hope of deterring another group of explorers who wish to return to the continent. It uncovers strange fossils and mind-blasting terror. Since it was originally serialized in the February, March, and April 1936 issues of *Astounding Stories* during the classic pulp era, 'At the Mountains of Madness' has influenced both horror and science fiction worldwide. Lovecraft scholar S.T. Joshi describes the novella as representing the decisive "demythology" of the Cthulhu Mythos by reinterpreting

Lovecraft's earlier supernatural stories in a science fiction paradigm.

Hyperfocus Simon and Schuster

This complete collection of strange and unusual stories from H. P. Lovecraft features an array of dark and supernatural themes. Forbidden, esoterically veiled knowledge is at the forefront of many of Lovecraft's works, as well as non-human influences on humanity, inherited guilt, fate, civilization under threat, race, risks of a scientific era, religion, and superstition. Many of Lovecraft's stories were inspired by his nightmares. His interest in the supernatural started during his childhood days when his grandfather would tell him Gothic horror stories. In 1913, he wrote a critical letter to a pulp magazine that ultimately led to his involvement in pulp fiction. During the interwar period, he wrote and published stories that focused on his interpretation of humanity's place in the universe. In his view, humanity was an unimportant part of an uncaring cosmos that could be swept away at any moment. These stories also included fantastic elements that represented the perceived fragility of anthropocentrism. This case laminate collector's edition includes a Victorian

inspired dust-jacket.

H. P. Lovecraft GENERAL PRESS

This full collection of tales by the master of eldritch, H. P. Lovecraft himself, will take you through monsters, cosmic horrors, and ancient evil.

H. P. Lovecraft Complete Collection Chartwell Books

Howard Phillips Lovecraft was an American author who achieved posthumous fame through his influential works of horror fiction. Virtually unknown and only published in pulp magazines before he died in poverty, he is now regarded as one of the most significant 20th-century authors in his genre. Lovecraft was born in Providence, Rhode Island, where he spent most of his life. Among his most celebrated tales is "The Call of Cthulhu", canonical to the Cthulhu Mythos. Never able to support himself from earnings as author and editor, Lovecraft saw commercial success increasingly elude him in this latter period, partly because he lacked the confidence and drive to promote himself. He subsisted in progressively straitened circumstances in his last years; an inheritance was completely spent by the time he died at the age of 46.

The Fiction Penguin

When he died in 1937, destitute and emotionally as well as physically ruined, H. P. Lovecraft had no idea that he would one day be celebrated as the godfather

---

of modern horror. A dark visionary, his work would influence an entire generation of writers, including Stephen King, Clive Barker, Neil Gaiman, and Anne Rice. Now, the most important tales of this distinctive American storyteller have been collected in a single volume by National Book Award-winning author Joyce Carol Oates. In tales that combine the nineteenth-century gothic sensibility of Edgar Allan Poe with a uniquely daring internal vision, Lovecraft fuses the supernatural and mundane into a terrifying, complex, and exquisitely realized vision, foretelling a psychically troubled century to come. Set in a meticulously described New England landscape, here are harrowing stories that explore the total collapse of sanity beneath the weight of chaotic events—stories of myth and madness that release monsters into our world. Lovecraft's universe is a frightening shadow world where reality and nightmare intertwine, and redemption can come only from below.

The Complete Fiction of H. P. Lovecraft  
BoD - Books on Demand

The publication in 2001 of "The Ancient Track: The Complete Poetical Works of H. P. Lovecraft" was a landmark. For the first time, all of Lovecraft's 500 or more poems—including hundreds of Christmas greetings, untitled poems, fragments, and poems embedded in his published and unpublished letters—were gathered in accurate texts, with critical commentary and full bibliography. Since that time, a dozen or more poems or

poetic fragments have been discovered by scholars and researchers, and this new edition prints these items along with several other works of interest. Poems that Lovecraft revised for various authors are included, along with (where extant) the original poems that served as the basis for the revisions. The original versions of poems by Ovid, Horace, and other classical poets that Lovecraft translated are provided. And the commentary and bibliography have been thoroughly revised and updated. It can well be said that this second edition of "The Ancient Track" is the definitive collection of Lovecraft's entire poetic output. It has been edited by S. T. Joshi, a leading authority on Lovecraft and the editor of Lovecraft's collected fiction, revisions, essays, and letters.

Necronomicon Arcturus Publishing

Collects short stories by H.P. Lovecraft, including "The Outsider," "Cool Air," "Pickman's Model," and "The Dreams in the Witch House."

Delphi Complete Works of H. P. Lovecraft  
(Illustrated) Graphic Arts Books

The complete Cthulhu Mythos by master horror writer H. P. Lovecraft in one volume. The Cthulhu Mythos is a collection of 23 loosely connected short stories by H. P. Lovecraft, one of the earliest masters of dark fantasy and horror. From "Dagon" to "The Call of Cthulhu" to "The Haunter of the Dark," each

story connects to the ancient cosmic entities known as the Great Old Ones, buried in a deep sleep beneath the earth and incomprehensible to mankind. For the few mortals who dare to glimpse this unknowable world, the result is a complete disconnection from what was once considered reality. Lovecraft's stories are grim, fantastical, dark, horrifying—and yet endlessly fascinating. Makes a perfect gift for fans of Lovecraft, his work, and the HBO series Lovecraft Country.
