Occupation-Based Activity Analysis

2nd Edition Pdf. Occupational

therapists use occupations and

activities as not just a goal, but also as

a treatment medium, therefore, they

must understand both the uniqueness

of a client ' s occupations and how an

activity can be used therapeutically.

To analyze the complexity of an

occupation takes much more depth of

understanding of the person engaging

in it, his or her environment, and the

uniqueness of the occupation a person

has chosen.

Occupation-based Activity Analysis -

Heather Thomas ...

An activity analysis is a systematic

evaluation of an activity to determine

its suitability for a particular client or

intervention. The activity analysis

identifies the physical and temporal

needs for the activity, the required

client factor and performance skill

needs for the activity, and the

therapeutic benefit of the activity.
