writing embody a motion that is unpredictable but relatable, opening the door of conjecture and wonderment.

A Prayer in Spring

Simon & Schuster Children's

A captivating, no-holds-barred collection of new poems from an acclaimed poet and novelist with a fierce and original voice Dothead is an exploration of selfhood both intense and exhilarating.

Within the first pages, Amit Majmudar asserts the claims of both the self and the other: the title poem shows us the place of an Indian American teenager in the bland surround of a mostly white peer group, partaking of imagery from the

poet's Hindu tradition; the very next poem is a fanciful autobiography, relying for its imagery on the religious tradition of Islam. From poems about the treatment at the airport of people who look like Majmudar ("my dark unshaven brothers / whose names overlap with the crazies and God fiends") to a long, freewheeling abecedarian poem about Adam and Eve and the discovery of oral sex, Dothead is a profoundly satisfying cultural critique and a thrilling experiment in language. United across a wide range of tones and forms, the poems inhabit and explode multiple perspectives, finding beauty in every one. A History of English Versification Courier

A classic poem with a timeless message, presented in a small and beautiful gift book. Rose Milligan never intended to publicly share her poem 'Dust If You Must', but a series of events led her to publish it in The Lady magazine in 1998. Her charming message about what we value in life resonated with audiences, and it has since been read on BBC radio, posted on Instagram, printed on tea

Now appearing as a book for the first time, beautifully illustrated throughout, Dust If You Must is a timeless reminder to focus on the things we can enjoy in the world, rather than the things we think we need to do. And one feels a bit dizzy reading these poems because (while always clear, always full of meaning) they come at reality slantwise so that nothing is quite the same and the reader comes away with a new way of looking at the ordinary objects and events of life. The poems are brim-full of surprises and delights, twists in the language, double-meanings of words, leaps of thought and imagination, interesting line-breaks. There are love and relationship poems, dream poems, poems of life in the modern

Geography. Geography is about Maps, But Biography is about Chaps. With these rhyming lines, English novelist and humorist Edmund Clerihew Bentley introduces this book and an unusual form of verse of his own invention. Bentley's four-line poems, known as "clerihews," offer satirical views of historical figures, from Edward the Confessor and Odo of Bayeux to Sir Walter Raleigh, Jane

Austen, Karl Marx, Theodore Roosevelt, and many others. The witty verses are accompanied by the book's outstanding feature: whimsical full-page illustrations by G. K. Chesterton.
