The Life and Times of Dan Haggerty - The Man Who Made Grizzly Adams Famous! CreateSpace

Turning This Thing Around is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles – a debilitating arthritic disease, narcolepsy, anxiety and depression – the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to

grow as a person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, Turning This Thing Around has universal themes that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so – and how others can, too. Unlike many popular memoirs on the market, this is a story that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in The Glass Castle, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in Eat, Pray, Love. Rather, Turning This Thing Around is a story of a normal young man's resiliency when battling extraordinary circumstances.

*Consent* Penguin

It started with a harmless quest for perfect wash-and-go hair. Every girl wants it, and Siobhan O'Connor and Alexandra Spunt finally found it in a fancy salon treatment. They were thrilled -- until they discovered that the magic ingredient was formaldehyde. Shocked, O'Connor and Spunt left no bottle unturned. If it went on their body (and thus, was absorbed into their skin and bloodstream), they researched it. As it turns out, many of those unpronounceable ingredients in your self-tanner and leave-in conditioner are not regulated and the "natural" on your face wash doesn't mean what you think it does. Now, with the help of top scientists, dermatologists, and makeup artists, the authors share their compelling findings and the easy way to detoxify your beauty regimen. No More Dirty Looks also reveals the safest, most effective products on the market and time-tested home recipes. Finally, you don't need to sacrifice health for beauty -- because coming clean is the best look yet.

"Consent" is a Molotov cocktail, flung at the face of the French establishment, a work of dazzling, highly controlled fury...By every conceivable metric, her book is a triumph." -- The New York Times Already an international literary sensation, an intimate and powerful memoir of a young French teenage girl's relationship with a famous, much older male writer—a universal #MeToo story of power,

manipulation, trauma, recovery, and resiliency that exposes the hypocrisy of a culture that has allowed the sexual abuse of minors to occur unchecked. Sometimes, all it takes is a single voice to shatter the silence of complicity. Thirty years ago, Vanessa Springora was the teenage muse of one of the country's most celebrated writers, a footnote in the narrative of a very influential man in the French literary world. At the end of 2019, as women around the world began to speak out, Vanessa, now in her forties and the director of one of France's leading publishing houses, decided to reclaim her own story, offering her perspective of those events sharply known. Consent is the story of one precocious young girl's stolen adolescence. Devastating in its honesty, Vanessa's painstakingly memoir lays bare the cultural attitudes and circumstances that made it possible for a thirteen-year-old girl to become involved with a fifty-year-old man who happened to be a notable writer. As she recalls the events of her childhood and her seduction by one of her country's most notable writers, Vanessa reflects on the ways in which this disturbing relationship changed and affected her as she grew older. Drawing parallels between children's fairy tales and French history and her personal life, Vanessa offers an intimate and absorbing look at the meaning of love and consent and the toll of trauma and the power of healing in women's lives. Ultimately, she offers a forceful indictment of a chauvinistic literary world that has for too long accepted and helped perpetuate gender inequality and the exploitation and sexual abuse of children. Translated from the French by Natasha Lehrer "...One of the belated truths that emerges from [Consent] is that Springora is a writer. [...]Her sentences gleam like metal; each chapter snaps shut with the clean brutality of a latch." -- The New Yorker "Consent [is] rapier-sharp, written with restraint, elegance and brevity." -- The Times (London) "[Consent] has something steely in its heart, and it departs from the typical American memoir of childhood abuse in exhilarating ways." -- Slate "Lucid and nuanced...[Consent] will speak to trauma survivors everywhere." -- Los Angeles Review of Books "A piercing memoir about the sexually abusive relationship she endured at age 14 with a 50-year-old writer...This chilling account will linger with readers long after the last page is turned." -- Publishers Weekly

"Springora's lucid account is a commanding discussion of sexual abuse and victimization, and a powerful act of reclamation." -- Booklist  
"A chilling story of child abuse and the sophisticated Parisians who looked the other way...[Springora] is an elegant and perceptive writer." -- Kirkus

A TRUE CRIME THRILLER THAT EXPLORES THE DARKEST REGIONS OF ROMANTIC INFATUATION. THE YEAR: 1969 THE SETTING: Berkeley, California THE STORY: Amidst the turmoil of student rebellion two loners encounter each other and turn an innocent flirtation into a dance of death. THE CHARACTERS: Prosenjit Poddar was the brilliant engineering student who wanted nothing more than to return to his native India a big success and to marry a woman of his parents' choosing. Tanya Tarasoff was the naive coed who just wanted somebody to love. And Larry Moore was the young psychologist who thought he recognized the warning signs that his patient was not just suffering from a jilted love affair... but was about to commit an act of murder. THE STAKES: In a culture clash that pits the traditional values of male-dominated India against free-love attitudes of Berkeley in the '60s, an impending tragedy unfolds. Soon Larry Moore finds himself face-to-face with the biggest dilemma of his career. What does a doctor do if he perceives his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. **BAD KARMA** is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. A New York Times bestseller! Cofounder of the international beauty company Caudalie shares the simple, natural, time-tested beauty secrets she learned growing up in France that any woman can use to look younger, healthier, and more radiant without harsh products or drastic procedures. When Mathilde Thomas moved from her native France to the United States to expand her skin-care company, Caudalie, she wanted to find out what American women wanted from their beauty routines. She interviewed thousands of women and was struck by how different the French and American approaches to beauty were. American women are all about the quick fix—the elusive product or procedure that will instantly solve a nagging beauty problem, even if it hurts, is wildly expensive, or is damaging in the long term. The French, by contrast, approach beauty as an essential and pleasurable part of the day, a lifelong and active investment that makes you look and feel good. Mathilde used these insights to turn Caudalie into one of

America's top beauty brands. Drawing on her company's twenty years of scientific skin-care expertise backed by the research of doctors and dermatologists—as well as the beauty secrets she learned growing up on a vineyard in Bordeaux—The French Beauty Solution covers everything from how to use natural ingredients such as oil and honey to wash your face; what foods to eat for healthier hair, skin, and nails; and the amazing properties of grapes and grapeseed oil. She also introduces an easy three-day grape cleanse that European aristocrats have been using to detox for hundreds of years. Blending stories, science, DIY recipes, and tons of savoir faire, The French Beauty Solution is the last beauty regimen you'll ever need.
