The roots of the current National Wildlife Refuge System were formed in 1903 by Theodore Roosevelt, who wanted to keep our most important habitats "forever wild". Devoted primarily to protecting wildlife, wetlands,

and open spaces, refuges offer unrivaled opportunities for visitors to observe and learn about our natural world. There are now more than 500 refuge areas in the United States, comprising more than 90 million acres. Habitats protected by refuges include virgin forests, tidal marshes, prairies, deserts, and tundra; species that flourish on refuges include the bald eagle, the peregrine falcon, the American alligator, the American bison, mountain lions, bats, beavers, bears, sea turtles, and hundreds of others, including more than 60 endangered species. With more than 19 million copies sold to date and more than 105 titles now in print, the National Audubon Society's book program includes the National Audubon Society Field Guides (Knopf) and National Audubon Society First Field Guides (Scholastic). The mission of the Society is to conserve and restore natural ecosystems, focusing on birds and other wildlife, for the benefit of humanity and the earth's biological diversity. The National Wildlife Refuges are managed by the U.S. Fish and Wildlife Service.

Across the country, more than 1,600 unused railroad corridors have been converted to level, public, multiuse trails, where people can enjoy a fitness run, a leisurely bike ride, or a stroll with the family. In this newest addition to the popular series, the Rails-to-Trails Conservancy presents the Northeast's finest rail-trails. Rail-Trails Northeast covers one hundred of New Jersey, New York, and Pennsylvania's rail-trails. With a rich industrial and passenger rail history, the Northeast is one of the densest rail-trail regions in the country. Rural, suburban, or urban, rail-trails serve as the backbone of an impressive trail system. This two-color book includes succinct descriptions of each trail from start to finish, plus at-a-glance summary information indicating permitted uses, surface type, length, and directions to trailheads for each trail. Every trip has a detailed map that includes start and end points, trailhead, parking, restroom facilities, and other amenities.
